A PERFECT GOLD MINE!

YOU CAN GET

The finest orange land in the world, including abundance of water with each acre, at prices ranging from $245 per acre, on the marvelously easy terms of 10 per cent. of the purchase money down, the balance to run 10 years if so desired, at the low rate of 6 1-2 per cent. per annum. There are but 1200 acres in the tract altogether.

THE BARTON RANCH,

so favorably located as it is, offers the above great inducements for procuring the best orange land and water rights in California. It is situated in the far-famed San East Bernardino Valley, being midway between San Bernardino and Redlands.

For descriptive maps and further particulars apply to J. A. STANWOOD, Sole Agent, Windsor Hotel, Redlands.

Or to F. MACPHERSON, 21 N. Spring st., Los Angeles.

# JACK THE RIPPER.

## London Police Think They Have Him.

### His Latest Crime the Butchering of His Wife.

### The Samoan Conference Postponed for Several Weeks.

**Premier Floquet Succeeds in Carrying His First Anti-Boulanger Measure Through the Chamber of Deputies—Emperor William Snubs Prince Alexander.**

*By Telegraph to The Times.*

LONDON, Feb. 11.—[By Cable and Associated Press.] The body of a woman in a chest was discovered by the police of Dundee today. The abdomen had been ripped open and she was otherwise mutilated. The chest was so small that the murderer had been compelled to squeeze the body into it.

Another dispatch from Dundee says that the murderer of the woman whose mutilated remains were found in a chest there today is W. H. Bury, husband of the victim. Bury was a resident of Whitechapel, London, and his antecedents, which have been straced, suggest that he is probably "Jack, the Ripper," and that he is subject to fits of unconscious murder mania.

The post-mortem examination held on the body of the Dundee victim proved that the woman had first been strangled and her body had then been mutilated, the abdomen being ripped open and the legs and arms twisted and broken.

Bury says he left Whitechapel three weeks ago. He refuses to say why he left there, and acknowledges that he had no business requiring his attention in Dundee. He says he and his wife drank heavily last night before retiring, and that he does not know how he got to bed. Upon awaking, he says, he found his wife lying upon the floor with a rope around her neck. Actuated by a sudden mad impulse, for which he cannot account, he seized a knife and slashed the body. Upon reason returning he became alarmed and hastily crushed the body into the chest in which it was found, thinking to fly and make his escape. He found, however, that he could not leave his wife's remains, and finally resolved to inform the police.

The theory of the police officials is that Bury's wife knew of facts connecting him with the East End atrocities, and that she took him to Dundee hoping to prevent a recurrence of the crimes.

## FLOQUET WINS.

### The Premier Still Keeps His Hold on the Deputies.

PARIS, Feb. 11.—[By Cable and Associated Press.] Boulanger was present in the Chamber of Deputies today. The Chamber voted urgency for the debate on the Scrutin d'Arrondissement Bill 283 to 274.

Floquet said that he had been a supporter of the *scrutin de liste*, but had renounced his advocacy of that system in the face of the sentiment of the country, which was now manifesting itself strongly in favor of the *scrutin d'arrondissement*. They were, he continued, in the presence of a conspiracy of party coalitions and pretensions founded on treason. They must thwart the electoral conspiracy while waiting for the power of the law to foil the unlawful conspiracy of the left. [Applause.]

The Chamber, by a vote of 290 to 266, then agreed to proceed with the discussion of the articles of the Scrutin d'Arrondissement Bill, all of which were afterward adopted.

The members of the Right demanded that the final vote on the bill as a whole be an open one, each deputy declaring his vote from the tribune. This was agreed to.

The Scrutin d'Arrondissement Bill passed by a vote of 268 to 232. The Chamber then adjourned until Thursday.

## THE SAMOAN CONFERENCE

### It May Not Assemble for Several Weeks Yet.

LONDON, Feb. 11.—[By Cable and Associated Press.] The Berlin correspondent of the Standard says: "Secretary Bayard's statement that the United States would request that a truce be observed in Samoa, causes surprise here, as it is contended that the Samoans continue to occupy lands belonging to the Germans. It is not believed that the Samoan conference can meet before the end of April, as it is unlikely that the American commissioners will be chosen until after Harrison is inaugurated."

## OLD WORLD ECHOES.

### Still Another Plan to Bolster the Panama Canal Company.

PARIS, Feb. 11.—[By Cable and Associated Press.] It is reported that leading financial houses of this city are negotiating with the object of forming a new combination to complete the Panama Canal and prevent it passing into the hands of foreigners. DeLesseps, it is said, will be merely honorary president of the new company.

The Senate today passed a measure providing that persons publishing slanderous and offensive personal statements shall be summarily dealt with by the correctional tribunal.

CHAMBERLAIN ON AMERICA.

GLASGOW, Feb. 11.—A reception was given here this evening in honor of Mr. and Mrs. Joseph Chamberlain. After some remarks on the relations between England and America, Chamberlain said there never was a time when it was possible to recognize anything in the shape of separate national ties in America. "If we should follow the American system," he said, "we would have to cut up the United Kingdom into twenty or thirty bits and award a Parliament to each. This, perhaps, would not be dangerous, but it would certainly not be economical."

EDITOR O'BRIEN'S TROUBLES.

DUBLIN, Feb. 11.—William O'Brien was conveyed from Clonmel to Tralee Jail this morning under a strong guard. At Clonmel the escort was attacked with stones by a crowd. The police charged the crowd. At Tipperary a large crowd surrounded the station and resisted efforts to disperse it.

Upon his arrival at Mallow,

# CITY DADS.

**A DAY FULL OF CARES AND PERPLEXITIES,**

**And Yet All of the Work Not Accomplished — Adjournment Until Today to Finish Up—The Aurora-street Bridge in Dispute.**

The City Council met yesterday morning, with President Kuhrts and Councilmen Hanley, Threlkeld, Bosbyshell, Cohn, Ford, Bryant, Earl, McNally, Shafer, Moriarty, Humphreys and Wilson present.

The Mayor notified the Council that he would be absent from the city for a week, and the President of the Council would act during his absence.

The Fire Commissioners recommended that fire hydrants be placed at the corner of Buena Vista and Salinas streets and the west end of Buena Vista street bridge, and the recommendation was adopted.

The report of Justice Lockwood, showing fines collected of $43, was referred to the Finance Committee.

Judge Variel appeared before the Council in the matter of the

SOUTH SIDE IRRIGATION COMPANY,

Councilman Humphreys requesting consideration of the matter on account of a contingency which might arise by the proposed shutting down of water on the south side by the county. He read the petition of the South Side Irrigation Company relative to the injunctions which had been brought against it, and asking the Council to take some steps to relieve it from its difficulties. He said the area of land over which the company could distribute sewage was constantly lessening, and it was unable to handle the sewage. The company had been compelled to provide reservoirs, and last week one of them was cut by unknown parties. The company asked the city to secure a modification of the injunctions. The Supervisors, he had heard, proposed to hold the city responsible.

Mr. Cohn asked the representative if it was not a fact that the reason the Supervisors proposed to take a hand was that the company had not taken care of the sewage in Vernon district, and thereby created a nuisance, and the gentleman said that he did not so understand it.

Mr. Humphreys thought the Council ought to look into the matter carefully.

Mr. Cohn said the gentlemen did not know what they were talking about. If the city should take the matter in hand, the company ought to be required to give up its contract.

Mr. Humphreys said it was questionable whether the company could be held liable on its bond, if a nuisance was declared.

Judge Variel asserted that the company could handle the sewer more cheaply than the city could; that the city should provide for the 200 excess inches of sewage matter that was poured down on them, and assist the company in a reasonable adjustment of the matter.

On motion of Mr. Humphreys, the matter was made a special order for 3 o'clock.

STREET MATTERS.

The Street Superintendent reported that at the corner of Fort and Second streets he found a private sewer so near the surface that he had to lower it for the crossing of the cable company. He had paid for the work out of the city funds, but the property-owners would pay it as soon as it could be collected.

Councilman Earl thought this was an outrage. The cable company should pay for this work. It is bad enough to give up the streets to the corporations, let alone paying for work which they should do.

On motion of Mr. Humphreys it was ordered that the bill for the work be presented to the cable company, and payment demanded from it.

The Street Superintendent recommended the abandonment of the old sewer on Franklin street, and the City Attorney was directed to draw up an ordinance to that effect, bringing in his opinion as to the legality of such a course.

A recommendation to have the new Seventh and Eighth streets bridges painted was referred to the Bridge Committee.

The Gas Committee recommended the placing of a 60-foot mast at the intersection of Third and Los Angeles streets. Approved.

The Gas Committee also reported that arrangements were being made for better lighting of the streets.

AURORA-STREET BRIDGE.

The ordinance authorizing the Southern Pacific Railroad Company to construct an elevated roadway and footway across Aurora street, from a point on the easterly side of Buena Vista street, easterly along Aurora street to a point 19 feet westerly from the easterly line of San Fernando street, was taken up and read.

On motion of Cohn all that portion of the preamble reciting the difficulties which had arisen between the city and railroad company in regard to the matter, was stricken out.

W. C. Williams, representing a widow residing on Aurora street, addressed the Council, stating that the granting of the franchise would seriously damage the old lady's property. He said that the railroad company was properly looked after in this matter, but the rights of other people were not guarded, and he warned the Council that the city ought to go very slow in giving up its streets.

Councilman Wilson (interrupting Mr. Williams): "Mr. President, let us get to business."

Attorney Williams: "Yes, I'll get down to business, and not the newspaper business, either." This witticism, so-called, failed to elicit any mirth.

On motion, the widow was permitted to state her case. She said if the bridge was built it would bury her property under it. "It is my little home," said the lady, "and I worked hard for it and honest. It is wrong for a railroad company to get such a privilege. I tell you, gentlemen, that Mr. Hanley and the Board of Public Works is paid for it!" [Laughter.]

President Kuhrts rapped loudly for order, and finally succeeded in getting things quieted down after the outbreak of the old lady.

Attorney Williams intimated that corporations generally got what they wanted from the Council, and indirectly charged the honorable members with subserviency to the Southern Pacific Railroad.

Councilman Bryant said that the gentleman was exceeding his privileges, and that the Council was not composed of that sort of men.

The whole matter was referred to the Bridge Committee, Board of Public Works and City Attorney to report at the afternoon session. Recess until 1 o'clock.

**Afternoon Session.**

The Council reconvened as the Board of Library Trustees, President Kuhrts in the chair and a quorum present.

The Secretary and Librarian, Mrs. Prescott, read the minutes of the last previous meeting, which were approved.

The report of the Librarian was read and referred to the new Council.

The usual monthly bills were then read as approved by the Finance Committee, and ordered paid.

A communication from the United States Educational Exhibit in the Paris Exposition, asking statistical information relative to the Los Angeles Library, was read and referred to a special committee consisting of Cohn, Schafer and Humphreys.

A vote of thanks was extended to the Librarian for the efficient and intelligent interest she has taken in the library. Trustee Earl paid a high compliment to the lady in seconding the motion.

The Trustees then adjourned.

THE SEVENTH STREET BRIDGE.

A communication was submitteed from the San Francisco Bridge Company, inclosing a bond of $7000, guaranteeing the piers of the Seventh-street bridge for the period of five years. Referred to the City Attorney for examination.

A representative of the San Francisco Bridge Company then addressed the Council relative to the bond question. He stated that he had made his second visit to the city, costing him $150 altogether, in order to get a settlement for the Seventh-street bridge. He asked that prompt action be taken, so that he could settle up his business and go home.

City Surveyor Dockweiler stated that there were objections to the piers of the Seventh-street bridge, and he had ordered the contractors to stop work, which order they had totally disregarded. The law requires that the bridge should be approved by the City Surveyor before it is acted upon by the Council. If the Council is not going to observe this wholesome check provided by the law, it might as well abolish the office of city surveyor.

The City Surveyor was instructed to inspect the bridge and officially accept it if it is satisfactory.

MORE DISCUSSION.

Mr. Threlkeld thought it was outrageous to attempt to ignore the office of City Surveyor and bulldoze a matter through the Council.

Several members came near getting hot in the collar, but the matter was smoothed over by reference of the bond to the City Attorney and the inspection of the bridge to City Surveyor Dockweiler, with the understanding that upon favorable reports from those officers the bridge company's bill be paid.

The Board of Public Works presented its report as already published in THE TIMES, the recommendations of which were adopted or referred to appropriate committees.

The recommendation in favor of

THE THIRD-STREET TUNNEL

Mr. Cohn wanted referred to the new Council.

Dr. Bryant made a peppery speech, in which he said he had noticed that whenever an improvement was suggested for the western part of the city, Mr. Cohn was very anxious to put it off on one pretext or another. He warmly advocated immediate action to build the tunnel and open communication for one of the most important portions of the city. He had voted for bridges all along the river—even for the Ninth-street bridge, in which quarter there is scarcely anybody living. He dragged in the $200,000 he had expended in this city during the two brief years of his residence here, and also paid a graceful tribute to the city of St. Paul, Minn.

Mr. Cohn explained that the present Council will go out in about 20 days, and it might do no good to adopt the plans in question now. If the new Council adopt these plans, it will be in office long enough to carry them out. This Council could not possibly do so. The city has already spent $50,000 in plans which have not been carried out.

On motion, "Prof." Dockweiler pinned his plans and profiles against the wall, and proceeded to explain them in detail. The total length of tunnel as proposed is 1080 feet. The cost, lined with brick, would be $170,000; with timber, $96,000. The life of timber work would be about 12 years, but the brick tunnel would be practically indestructible.

The recommendation of the Board of Public Works that plans for the Third-street tunnel be adopted and steps taken for its early construction was then adopted, Mr. Cohn alone recording his vote in the negative.

THE DAVIES FRANCHISE.

The Council took up the amended franchise to James M. Davies for constructing a street-car line from Spring and Second streets, down Second to Wolfskill avenue, and down Wolfskill to a point 350 feet beyond Fifth.

By permission F. A. Gibson, on behalf of the Vernon Street Railway Company, addressed the Council, claiming that Mr. Davies has no right to go beyond the line of Fifth street. There is a contract between Mr. Davies and the Vernon Railway Company which precludes Mr. Davies from going below Fifth street, which contract is now before the Superior Court for adjudication. Mr. Gibson asked that the part of franchise below Fifth street be deferred until after the decision of the Court.

Mr. Davies also made a statement, controverting Mr. Gibson's position and arguing the matter very warmly. A discussion followed, participated in by Mr. Threlkeld, Mr. Cohn and others, after which an amendment was inserted authorizing the Council to order the space between rails and two feet each side thereof, paved or graded at the expense of Mr. Davies. On the ordinance the vote stood: 9 yeas and 3 nays, defeating it for want of the requisite 10 votes.

FINANCE COMMITTEE.

The report of the Finance Committee was then taken up and bills ordered paid as reported.

The recommendation that $135.17 be returned to N. P. Campbell for money paid on double assessment was adopted. In the say way $10.30 was ordered refunded to H. H. Benedict. M. Vaco was granted $3.50 on same grounds; C. W. Ellis, $4.20.

The petition of O. H. Churchill was referred to the City Attorney.

Petition of O. H. Mason referred back for tax receipts.

The contract for printing revised city ordinance to Evening Express Company was referred to the incoming Council.

The clerk was authorized to have tally-sheets printed for the forthcoming city election.

SUNDRY BILLS.

The bill of Burlingame for street sweeping for two months, $916.60, presented without the recommendation of the Finance Committee, was referred back to get explanations from Gen. Baldwin and the Superintendent of Streets.

A. H. Denker appeared before the board advocating the payment of his bill for $1300 for storage of sewer pipe on his lot, Main and Tenth streets. Referred to Finance Committee.

Maj. Bell appeared before the Council and requested that the rebuilding of a carpenter shop on Main street, between Seventh and Eighth, adjoining Dr. Edgar's place, the same being within the fire limits, be stopped.

The proper authorities were authorized to see that said shop is not rebuilt until the matter now before the Fire Commissioners is determined.

AURORA STREET BRIDGE AGAIN.

The ordinance providing for Aurora-street bridge was then brought up.

By permission W. T. Williams, an attorney for Aurora-street owners, addressed the Council against the bridge project. He wandered from his subject, and became insolent and abusive in his allusions to members of the Council, and was properly called to order.

Four ladies—Aurora-street property-owners—appeared before the Council and made statements of damages that would be sustained by them by the closing of Aurora street or the building of the elevated bridge. Diagrams of the proposed bridge were submitted. Judge Bicknell appeared as counsel for the railroad company.

A lengthy and spirited debate followed between the attorneys, which was finally closed by a motion for the previous question, and the ordinance as amended was put to a vote and lost for want of the requisite 10 votes, the ballot standing 7 yeas and 4 nays.

Mr. Bosbyshell gave notice that he would move to reconsider the vote on the Davies's street-railroad ordinance next Monday.

WESTLAKE PARK.

The Committee on Parks recommended that the City Gardener furnish and set out such trees in Westlake Park as there is ground prepared for.

Dr. Bryant touched gracefully on St. Paul and the prophets, and then endeavored to deliver a lengthy written address, but was choked off.

Mr. Forrester addressed the Council in advocacy of the city standing by its contract to contribute toward the beautification of the park as much as the property-owners had subscribed from their own pockets. The Council promised to put in dollar for dollar for all sums raised by private subscription, and he asked the Council to stand by its bargain.

On motion the Park Committee was allowed $300 to expend, in accordance with the petition, with the tacit understanding that like sums would be allowed until the whole amount had been appropriated.

Mr. Hanley submitted a statement from the gardener of the East Los Angeles Park. Referred to the Park Committee.

Adjourned until 10 a.m. today.

**Army Orders.**

Commissary Sergt. Thomas Keeshan, Ft. Union, has been granted a furlough of four months.

Corp. W. H. Barkley, company K, Twenty-fourth Infantry, has been granted a furlough for six months, with permission to leave the limits of the division, the furlough to take effect upon the soldier's re-enlistment.

First Lieut. Leighton Finley, Tenth Cavalry, has been appointed recruiting officer at Ft. Apache, Ariz., relieving First Lieut. F. H. Mills, Twenty-fourth Infantry.

Second Lieut. W. G. Elliott, Ninth Infantry, has been appointed recruiting officer at Ft. Mojave, Ariz., relieving Second Lieut. G. B. Duncan, Ninth Infantry.

In concluding this report I deem it a duty to call the attention of your honorable body to certain facts bearing upon the well being of the institution of which you have placed me at the head.

First—The minutes of your board show that in the early history of this library show the importance of a well-kept library was realized by the community as a whole. But for the past five years, judging from these same "minutes," verified by ocular demonstration, while the city has emerged from a country village to the second city in rank in this great Pacific Slope, its library, said one of your number, a day or two since, has been in a sort of "Rip Van Winkle" sleep.

One of the founders of this library called my attention to the following, clipped from a Los Angeles daily of the long past:

"The public library of a city is an institution from the condition of which intelligent and educated visitors judge of the intellectual and educational state of the people of such city. For this reason, if not for the more important one of furnishing to our citizens, and especially to the youth of our city, both an attractive resort and the means of obtaining useful information, our public library should receive all the additions which are compatible with the means at your disposal for that object."

Remarking, at the same time: "I never bring visitors here any more. If they must see a library I send them to the Normal School or take them to Pasadena."

That the intellectual community of this city would never submit to being graded by any such standard now does not admit of a doubt. And your body have signified in plain terms your recognition of the needed change and your determination to remedy, in so far as possible, all defects. Hence, the first step to be considered is: What constitutes a "well-kept library," and what degree of approximation to one may our own hope to attain to with due regard to its present conditions and environments. It is the experience of persons connected with free libraries that if certain restraints are not placed upon those claiming its privileges, the end of which they are instituted is to a very great extent defeated. The freedom with which valuable books and periodicals are handled in our library is little short of sacrilege. Nor is there anything to hinder the carrying off of books unless it be want of interest on the part of the reader. And when we reflect that out of 7400 volumes entered upon the records, there remains but about 5000 in the circulating lists, we are by no means certain that such has not been the case. The recklessness with which shelves are overhanuled, books misplaced, defaced or otherwise damaged by a class of irresponsible visitors is something appalling to a lover of books. Yet, possibly for reasons best known to ourselves, the character of attendance has already changed somewhat, and in proportion to that change, has there been an improvement in this direction. In re-arranging books, I found it necessary to put a notice on the shelves containing fiction for a couple of days that no books could be drawn therefrom except by subscribers. The result was that about two-thirds of the regular callers looked around in a confused sort of way and walked out. In most free libraries only reference books are subject to promiscuous handling and fiction given out only for home reading. I refrain from more than hinting at long-standing abuses of this nature, but most earnestly recommend that some immediate action be taken toward preventing further unnecessary destruction of books and otherwise lowering the standard of an institution in our midst that instead of being a cistern getting in but not giving out, should be an active, aggressive, educating reservoir of force in our community—a living fountain of good influence.

The axiom that a given amount of force with superior management can be made to double itself with no greater effort than under old conditions and poorer methods to yield a small per cent., is equally as true of a given number of volumes in a library as to their moral and intellectual bearing upon society as a whole.

Second—To the best of our ability, without closing the library, an inventory of all books contained therein has been taken, resulting in a count of nigh 6000 volumes; this includes Government and State documents and reports of 1000 volumes not named in the catalogue. About 250 are reference books and bound periodicals To fiction belong some 1500, or 36 per cent.; to the vast field of research under such headings as science, art, history, theology, biography, geography, poetry, literature and miscellany, less than 60 per cent., leaving no room for doubt as to the direction for future appropriations. Over 10 per cent. of these books are found in too dilapidated a condition for circulation. From 2 to 5 per cent. will pay for re-binding. Others can be neatly mended at about 12½ cents per copy. An Unabridged Dictionary and indexed Atlas of the World have just been returned from the bindery quite as good as new.

Third—The custom of receiving small deposits, ranging from 50 cents to $2, as security for books rented at a cent a day I regard as a questionable benefit to the public, while a positive detriment to the library. Yet I am led to conclude that the matter is already disposed of under a correct construction of that clause in rule 3 of rules and regulations, which reads: "A payment of $1 quarterly in advance is required in all cases."

Fourth—In consideration of the fact that the fine for detention of books of 5 cents a day is paid very unwillingly, if at all, and that the rate is much higher than is usual in libraries at the day, I would recommend that it be reduced from 5 cents to 2 cents per day.

Fifth—On account of the crowded condition of the shelves of fiction, science, history, literature and miscellany, I would suggest the purchasing of two additional bookcases with double fronts, that can be utilized in the new building, and can now be placed on the west side of room 2.

Sixth—Due regard to cleanliness and protection of books compels me to urge the importance of closing without further delay the so-called ladies' parlor a sufficient length of time to have the carpet taken up and cleaned. Also that the dozen light oak chairs be sent to the paint shop for cleaning and revarnishing.

Seventh—I cannot be true to myself or the interests of the work you have placed me in charge without a protest as regards the recent expenditure on the new catalogues. It is so destitute of clear grouping or of any form of modern classification that the way to find anything upon a minute topic is to pretty thoroughly read the catalogue. Yet the author, on the other hand, is entitled to credit. He could not do otherwise than deal with material as he found it; and contrasting this library, with its classification so crude that a reader might require a week to look over the disorganized maps of literature in which he may or may not find something he wishes, with a library as it should be—rooms clean and thoroughly ventilated, books labeled, numbered and arranged on the shelves so that one may find together the resources of the library on a given topic, with indexes and catalogues that will tell almost instantly if a book wanted belongs to the collection, and just what case and shelf you may put your hand on it, contrast the two, and the picture throws light upon the difficulties of the author.

There are other matters to be referred to, but I forbear further appropriation of your time at present. Respectfully submitted,

LYDIA A. PRESCOTT, Librarian.

# FOR THE FRIENDLESS.

**The Women's Social Reform with an Object.**

The Woman's Committee for Social Reform is doing considerable work in a quiet way. At its regular meeting yesterday afternoon a committee was appointed to consult an attorney in regard to taking steps to incorporate for organizing a home for the friendless. Quite a sum of money has been pledged already toward the support of such an institution, and a treasurer apppointed.

Mrs. Tedford, in behalf of the Committee of Investigation, reported that a house of nine rooms, on Pico Heights, could be rented for such a purpose at the rate of $10 per month.

A general mass-meeting for women will be held next Wednesday evening in the Presbyterian Church on Boyle Heights. Miss S. C. Burnett of Salt Lake City and Rev. Ruth Bryman Rydges, pastor of the Pico Heights Congregational Church, will be the speakers of the evening.

The Executive Committee will hold its next regular meeting on Monday at 2:30 p.m., in Fort-street Church.

# AN IMPORTANT CASE.

**The Fruitvale Distillery in the United States Court.**

An interesting trial will begin this morning in the United States District Court. It is the criminal prosecution of W. Moore Young, secretary of the Fruitvale Wine and Distillery Company, for offenses alleged to have been committed against the internal revenue laws. A civil suit is now pending against the company for the condemnation of the plant, and this prosecution is rendered more interesting from the fact that it is the first brought in California under the sections prescribing the specific offenses with which the defendant is charged. He is charged with the removal of distilled spirits on which the tax was unpaid, and with fraudently executing documents required by the internal revenue laws. The penalty is a very severe one in each count, and provides for both fine and imprisonment. Eminent counsel have been retained for the defense, and it promises to be very sharply and ably contested.

**Lanagan Sentenced.**

William Lanagan, who was convicted of brutally beating Thomas Stack to death in San Fernando Cañon, and adjudged guilty of manslaughter, was brought before Judge Cheney yesterday morning for sentence. The Judge briefly sentenced him to eight years' imprisonment at Folsom, and 60 days' time was granted his counsel to prepare and present its bill of exceptions.

SIMI RANCHO!

Cheap Lands. Good Lands. Prices and Terms to Encourage Settlers.

So much has been said and written about the high prices for ordinary farming and fruit land in Southern California that many Eastern people think that no good land can be had at less than $300 per acre in any good locality. But if you will call at the headquarters of Simi Land and Water Company you will find that you can buy well watered stock ranges at $5 to $15 per acre, and every one of these ranges contains more or less good farming land. You can buy first-class valley lands for $30 to $75 per acre, and small tracts of 10, 20 or 40 acres, for fruit farms, at about the same price. Colonies who want from 1000 to 5000 acres can be placed on fine lands, suitable for dividing among their members, at $25 to $40 per acre. This company cares nothing for booms, and asks no inflated prices for their lands. We own nearly 100,000 acres, and have a perfect and undisputed title. The object is to furnish good lands, to actual settlers, at prices within reach of any who can buy land at all, and on terms which will enable men of moderate means to acquire homes in one of the most attractive and healthful part of Southern California. We do not claim to have the best land in the State, and at present are not directly on a railroad, but expect to be before long. But we do claim to offer better land and more advantages and on easier terms of payment than any other place that has been brought to our notice. It will cost you nothing but a postal card to get detailed information about these lands. If you want a farm or a stock range write or call at 19 West First street, Los Angeles, and ask about the Simi ranch.

HOMES! HOMES!

Finest Quality of Fruit Lands, near Los Angeles, at Reasonable Prices and on Liberal Terms to ACTUAL SETTLERS.

Eight thousand acres now subdivided (17,000 acres in all), in San Fernando Valley, from 8 to 12 miles from the Plaza, into 5, 10, 20 and 40 acre tracts, ranging from $25 to $150 per acre, and on such liberal terms that anyone can own a home. A fruitful soil easily cultivated, a healthy and delightful climate, excellent schools and churches, two railroads, with Los Angeles markets for everything raised on the farm, these lands offer inducements to settlers that cannot be duplicated. Also a stock range of 1250 acres, only 4 miles from city limits, at a very low figure. Can be subdivided into two or three ranges. For maps, prices and terms apply to

## LOAN EXHIBIT.

THE NEW LIBRARY BUILDING AT PASADENA THRONGED.

An Interesting Programme Carried Out—An Original Poem by Mrs. E. A. Otis—Russian Tea—Notes on the Exhibit.

PASADENA, Feb. 11.—[Correspondence of THE TIMES.] Today was Children's day at the loan exhibit in the new Library building. This morning was spent in getting ready for the reception of the little ones, and everything prepared to make their visit a pleasant one. Shortly after 2 o'clock the youngsters were noticed in large numbers, when W. U. Masters called the meeting to order. It is safe to say that nearly every boy and girl in Pasadena was present. Mrs. E. A. Otis was introduced by President Masters as the patroness of the reception, and she warmly welcomed the young people. A wreath of Pasadena laurel, woven by Miss Channing, was presented to Mrs. Otis as a mark of esteem. The lover of the young folks then recited the following original poem:

MY CHILDREN.

All the country over—
Where the dawn is shining like a crown,
And where the glory of the sunset
Sheds its radiant brightness down:
In the Northland and the Southland,
In the East and in the West,
The children of my love are scattered,
Yet in my heart they rest.

All the country over—
In so many other homes than mine,
With other lips to kiss them,
And other hearts to bless them,
My boys and girls I find.
But, then, somehow I fancy
That through Love's necromancy,
I feel the clinging of their fingers,
As my heart among them lingers,
And though they've other mothers—
These sisters and these brothers—
I feel they too are mine.

All the country over—
Many black-eyed darlings smile upon me,
And their faces, like a posy,
Are so sweet, and round, and rosy—
That without reviling
Any of the wildwood blossoms fair,
I say truly, there are surely
None that with these darlings can compare,
For beauty and for sweetness,
For brightness and completeness
As I meet them everywhere.

All the country over—
Sweeter than the clover—
That with honey dew is filled,
With cheeks of dimpled whiteness,
With steps of airy lightness,
Do my blue-eyed darlings greet me,
And my brown-eyed darling meet me,
Till I have as many children
As the woman in the shoe:
But like her I never do
Think I have too many,
And I would not part with any.

Like doves with white wings flying,
Come their welcome letters to me,
Written with their rosy fingers:
Dimpled cheeks above them leaning,
Shining eyes above them beaming,
While their busy brains are teeming,
With their fancies undefiled.
Ah, their letters, trusting letters,
Hold me like to silken fetters,
And these boys and girls of mine—
By some occult, wordless sign,
Know me as their friend and lover,
All the wide sweet country over.

From out the wide world's sunny ways,
Where'er their feet are straying,
The sweetest music that I hear
Is what their lips are saying,
And far nearer than the stars above,
That light the midnight spaces,
And sweeter than the wayside flowers
Are their pure, happy faces.
I often dream of them by day—
These budding, sweet immortals—
And by and by I hope we may
All pass the heavenly portals,
And then I think how sweet the smile
That will light up their faces,
As, hand in hand, we then may go
Through all the heavenly places.

ELIZA A. OTIS.

The poem was well received by the little folks, and they paid marked attention throughout its recital. A Japanese cart, drawn by Prof. Chittenden a la costume, was then started in motion and a large number of the small people took advantage of the low fee of admission by taking a ride around the hall. During the afternoon the aged Mexican lady wore a network, wrought by her own hands, and carried within the folds baskets of her own work as she marched about. The music this afternoon was a special feature and was enjoyed by all. Several of the numbers which were rendered by the Hungarian orchestra of Los Angeles were indeed most excellent. At about three o'clock, or probably a little later, Dr. J. M. Radebaugh gave a Russian tea and had as his guests Mrs. Sterling, Mrs. E. A. Otis, Miss Green, Miss Senter, Miss Cole, and Clarence S. Martin. On Wednesday afternoon at 3 o'clock, Mr. Martin will give a similar tea party to a number of invited guests. Wednesday will be Hispanio-Mexican day, and in the afternoon the Hungarian orchestra will play none but Spanish airs. A general invitation is extended on this occasion to the people of Los Angeles to be in attendance. The programmes for children's day are unusually attractive, and are printed in black on a brick-red color paper. In the upper lefthand corner is the monogram of the association, while all around blaze stars of gilt from the firmament. This evening a fine musical programme was given under the superintendence and immediate direction of Mrs. W. L. Vail. Among the performers who took part were noticed Miss Lloyd, Miss Peabody, Miss L. Grace Wilde, Miss Derr, Miss Dexter, Mrs. Bayard T. Smith, Prof. W. E. Louis, O. W. Kyle, C. E. Goodwin and Carl Frese. Tomorrow is Reunion day, and the congregations of the several churches will be received by their pastors. Everybody is invited to come out and spend a pleasant afternoon. Good music will enliven the occasion. In the evening the entertainment will be in charge of the Dramatic Committee, and a fine programme has been prepared. The several departments, which are undergoing more or less changes daily, will be accurately described in succeeding issues of THE TIMES. Today we submit notes from the

HISTORICAL DEPARTMENT.

The Historical Department, under the Rev. Bayard Craig, promises to be one of the most interesting features of the carnival. Among the interesting features are the table of Mrs. H. H. Jackson, upon which she wrote Ramona; several pitchers used by her while in Los Angeles. These were loaned by Mrs. Antonio Coronel. On the east side of the room were numbers of warming pans of the eighteenth century, donated by Mrs. Carr of Carmaleta. In the center of the room is the first cannon and powder can ever brought to Los Angeles, now owned by Don Antonio Coronel. What might be taken for bundles of firewood are rails and shakes taken from Wilson's Peak by Don Benito Wilson. Wilson's trail was built for this purpose by Mr. Wilson, at an expense of $6000. For particulars see monograph on this subject by C. F. Holder, for sale at the carnival on California day.

Beneath the shakes, which were sent up by Mrs. Wilson, are some tiles of the old mission over one hundred years old.

Early art in Los Angeles is represented by a set of historical colored prints, sent in by Don Antonio Coronel. These are the first pictures brought into Los Angeles.

Higher art is represented by a fine set of the old missions, in etchings, by Harry Chapman Ford, donated by Mrs. Carr; a set of Picturesque California, donated by Mrs. Carr; an old and valuable painting of a monk, donated by C. F. Holder, supposed to be over one hundred years old; a picture of a Franciscan friar, near at hand, is 200 years old.

Mrs. Arturo Bandini donated a picture of her grandfather, Thomas Balck, a clergyman in the navy, under John Paul Jones. In a glass case is an old sermon delivered in the eighteenth century by this gentleman.

In a glass case are many choice specimens, among them a Holy Bible, printed in Dublin in 1745, donated by E. H. Shaw of Pasadena.

Mr. Shaw also exhibits a plate over 200 years old; an old book, "A Discourse of the Pastoral Care," by the Lord Bishop of Sakum, 1692.

C. F. Holder donates a peculiar overshoe worn by his maternal great great great great grandmother, Lydia Bassett, in Lynn, Mass., 1690; a tile from the fireplace in the Holder homestead, built in the seventeenth century, or about 1690. Mr. Holder also exhibits a contract made by one of his paternal ancestors, who was a ship-builder of Nantucket, in the seventeenth century; the date of the contract is 1760. An old Spanish dagger is exhibited by the same.

Rev. Bayard Craig exhibits a letter written by George Washington.

Here is a belt worn by a lady 60 years ago, and solid silver from the mission of San Juan. The collection of E. H. Shaw, already referred to, is particularly rich. Here is a Pittsburgh primer published in 1811. Vienna earring, donated by Miss Carrie Jones.

The collections of Mrs. D. B. Wilson of Lakeview ranch are of especial interest. Among the things which attract especial attention are a pair of very old candlestick, a piece of embroidery 100 years old.

Mr. John Vandevoort, one of the library trustees, exhibits some continental money received for a New York farm, now Wall street, New York.

The Bandini collection is made interesting by the presence in full costume of the handsome Don himself. It consists of an ancient silver watch worn by Juan Bandini, some old swords, and many of the most interesting things in other departments to be referred to later.

Mr. Seymour Locke donates some very rare books dating back to 1776. Miss Picher a collection of silver, iron and gold spoons. Mrs. C. F. Holder donates a picture of Bishop Samuel Provost, the first Bishop of New York, and one of the first rectors of Trinity Church, one of her ancestors, her grandmother being a Provost. These are suggestive of the richness of the historical department, and about one-third of the material is the Coronels. Dr. Channing, Mr. H. N. Rust, John Brown's family, Superintendent Pierce, Dr. Carr, Miss Wotkyns, Dr. Radebaugh and 30 or 40 more gentlemen will contribute, and by today Mr. Craig proposes to have the finest historical collection ever exhibited west of Chicago. The rest will be described later on.

LOCAL NEWS.

Work on the Wilson trail is now most laborious, the difficult part of the proposed road having been reached. It is expected, however, the temporary telescope can be gotten up by Saturday.

The following report is submitted by Secretary C. W. Hodson:

"At the meeting of the Teachers' Association Saturday, February 9, 1889, the work of organization, which was begun January 26th, was completed. Constitution and by-laws were adopted. The following are the officers of the association: Herbert Pinckney, president; Mrs. Theo Coleman, vice-president, and C. W. Hodson, secretary and treasurer. An Executive Committee consisting of the following persons acts in conjunction with the president and vice-president in arranging programmes and course of work for the association: Mrs. B. Townsend, Miss Carrie Hill and Principal A. L. Hamilton.

"The object of the association is the improvement of its members along the lines of theoretical, practical and historical pedagogy. It was Superintendent Pierce's idea in the inception of the association to make it strictly professional. The advancement of the profession of teaching will be the end sought by this association. The work of the C.T.R.U. will be taken up.

"The meetings of the association will be held on the first Friday evening of each calendar month at 7:30 o'clock at the Wilson school building in Pasadena.

"All persons in Pasadena and vicinity interested in educational matters are invited to become members. It is especially desired that the teachers in private schools in this city and teachers in surrounding towns and districts join us."

## RAMSEY HOUSE AFFAIR.

Under Sheriff Thornton's Explanation.

The Ramsey House sensation has stirred up things in official circles to a considerable extent. The Sheriff's office was considerably worked up, and Under Sheriff Thornton was very positive that his office had carried out the law in the truest sense of the letter. He says he is required to give a tenant five days in which to vacate when eviction papers are served, but in the case of Mrs. Edmonson he gave her eight days, and even then he informed her lawyer 24 hours before taking possession of the house. He denies that his deputy kicked any of the doors in. He says that when his deputy found that he could not get into some of the roomers' rooms, he sent out and got a locksmith and had the doors opened. It was the duty of the landlady to notify her boarders that she was in danger of being thrown out. Mr. Thornton stated that his deputy telephoned him that Mrs. Edmonson was armed with a six-shooter and a flat-iron, and would not let him take possession of the house. The Captain then visited the house, but found everything quiet and remained there only a few minutes.

Yesterday morning Robert McGregor, one of the roomers who lost some of his jewelry, served a demand on the Sheriff, and if the stuff is not returned in three days will bring suit. There are several other roomers who will take a hand in the circus before it is ended.

## LETTERS TO THE TIMES.

Mr. O'Hara's Statement.

LOS ANGELES, Feb. 11.—[To the Editor of THE TIMES.] Your article in Sunday's TIMES regarding the removal of furniture from the Ramsay House by the Sheriff, being but one side of the case, I wish to state in reply that on the 1st of February, Mrs. Edmondston was in arrears to the lady who owns the premises, and from which she has to draw most of her sustenance, to the amount of $825. To secure the owner against the loss of the foregoing amount, Mrs. Edmonston gave her a bill of sale. When the stipulated time had expired, I made a demand on the part of the owner for either the money or the furniture. Mrs. Edmonston replied that she would pay $500 to me then, and to wait for some time for balance. The reply was not satisfactory, mostly on account of her not wishing to vacate the premises, and because another month's rent was due. And I saw the same complications arising that were settled by the bill of sale which was given to settle matters. However, before any result took place from the proposition, her lawyer told me that Mrs. Edmondston had concluded neither to pay the money due, nor to turn over the furniture, as she had agreed to do. The after steps were taken by the owner's lawyers and the proper authorities. Very respectfully,

T. B. O'HARA.

Mr. Lambie Defends Himself.

LOS ANGELES, Feb. 11.—[To the Editor of THE TIMES.] In your issue of this date I noticed a squib seriously reflecting upon my administration of the office of City Surveyor, during 1888.

My only opposition in that office came from those who had axes to grind, and opposed me underhanded because I would not grind them—it not being in the city's interest—and I do not believe a single mistake of mine has been found. Several have been mentioned for effect; but on my tracing them up they are found to be without foundation and fact. . . . Very respectfully,

WILLIAM T. LAMBIE,
Ex-City Surveyor.

"My dear madam, I never saw you looking so well, and you were so poorly, too."

"Yes, doctor, Joy's Vegetable Sarsparilla is the grandest thing in the world for run-down, nervous and debilitated women. That's the secret of my appearance."

Up to a month ago Mrs. Belden, an elderly lady, living at 510 Mason street, San Francisco, was failing in health and flesh so rapidly as to seriously alarm her relatives. She now writes: "I have taken but one bottle of Joy's Vegetable Sarsparilla, but it is astonishing. I am regaining my lost flesh and have not felt as well in years."

Consumption Can Be Cured

This has been demonstrated in thousands of cases treated by

DR. WILLIAMS,

With his new system of medicated inhalations, also the oxygen and compound oxygen treatment, combined with proper constitutional remedies for the liver, stomach, blood etc.

Probably no system of practice ever adopted has been so universally successful as that introduced by Dr. Williams for the cure of Catarrh, Throat Diseases, Bronchitis, Asthma and Consumption.

CATARRH.

Catarrh is often regarded by the patient as a cold in the head, and he often expresses his astonishment at his remarkable tendency to contract a fresh cold. Indeed, he declares he is scarcely free from one cold before he takes another; and he is always exceedingly careful. It is also a matter of surprise to him that the cold always seems to settle in the head and throat.

At times many of the symptoms of Catarrh may seem to abate, and the patient is led to hope that the disease is about to wear off; but another class of symptoms soon appear, and he learns to his horror that instead of recovery from the disease it is somewhat changed in its character and has extended to the throat. A sense of weariness is sometimes felt in reading, speaking or singing, hoarseness at times occurs, a sensation of dryness is sometimes felt in the throat, or it appears that some foreign substance, as, for instance, a hair, obstructed the throat; there becomes a sense of languor and fatigue the breath lessens upon a little exertion, a short, hacking cough, a peculiar sound in clearing the throat, a feeling as though there was not room enough in the chest to breathe; these and other symptoms occur after the disease has made considerable progress. Then it is a time when consumption is about to begin its dreadful work. Up to this point the progress of the disease may have been slow and the patient may, in expressing his confident hope that it will "wear off," declare that he has had the catarrh for years and has not seemed to become much worse, and trusts he will "by-and-by" recover. But this delusion is the grand error which has peopled our cemeteries with consumptive forms, as all forms of catarrh end finally in consumption.

Inhalations are applicable in all diseases of the respiratory organs, but must be prepared for each individual case as they severally require.

By the employment of proper inhalation in the form of medicated vapor (not steam or spray) we are able to produce immediate and direct action upon the diseased surface in the pharynx and nasal passages, for air will find its way into the most remote and intricate cavities, where it is impossible to make fluid applications. By these means every case can be cured.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance to business whatever.

I have seen so many of these cases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success.

The very best references from those already cured.

A GOOD twenty-four hours' rain would be worth a million dollars to this county just now.

PASADENA appears to be making quite a success of its original and interesting loan exhibition.

UNDER its new management, our local French contemporary, *Le Progres*, shows marked improvement. It is on the right side of the fence, politically.

THE Pasadena Star has published a 32-page six column trade annual which, contains a large amount of statistical and descriptive matter regarding the "Crown of the Valley," and which appears to have been liberally patronized by the business men of that place.

THE bill introduced by Mr. Damron in the State Assembly to establish a State Reform School in this county provides that the general supervision and government shall be vested in a board of trustees, consisting of three citizens, appointed by the Governor, with the advice and consent of the Senate.

MANY otherwise sensible persons appear to labor under the misapprehension that a subscriber to a paper and a stockholder in the concern are interchangeable terms. For the benefit of these mistaken individuals we would remark that the fact of having subscribed to a paper does not give the subscriber a right to dictate its policy.

IT is not necessary for us to comment at length on the further developments in the case of the International Company of Lower California. We have all along claimed that the enterprise was one which prudent men should let severely alone, and we have little sympathy with those who may lose their investments, in the face of such repeated warnings.

THE Trombone, having been driven by dire necessity to reduce its size from eight to four pages, announces that fact by declaring that it has taken "another step forward" in the direction of making a "metropolitan journal." The 'Bone has been in the habit of insulting the intelligence of its readers pretty frequently, but this would almost seem to be pushing their forbearance too far. A fakir to the last!

THE Trombone, never much of a newspaper, is now less so than ever before. What it lacks in enterprising journalism, however, it is endeavoring to make up by superior energy in its department of first-page corner cards. This department is edited by the premier fakir, "Smoothy" himself, and shows as great ability as that exhibited by his street-corner brother, or even by G. Hamilton Griffin, M.D., now doing service for the State in a British Columbia bastile.

LEWIS H. BLAIR, a rich and influential merchant of Richmond, Va., has written a very striking paper, in which he maintains the—for a southerner—very remarkable view that the prosperity of the South is dependent on the elevation of the negro. Mr. Blair shows that the South is very poor, while it ought to be the richest section of the United States. He calls attention to the fact that, while the educated negro enjoys equality in the North and in Europe, he is under a ban in the South, and even in the courts receives scant justice. "Race prejudice must go!" says Mr. Blair. Coming from such a source, this essay is bound to create quite a sensation.

## THE TIMES ANNUAL.

THE TIMES Annual for 1889 is now on sale to the trade and the general public. It may be purchased from the news agents, at the bookstores, or singly and in quantities at the TIMES office.

It is a 56-page publication, equivalent in bulk of contents to a 200-page book, chock full of valuable and interesting matter. It is specially adapted for sending to friends at a distance, who desire information regarding this section, its compilation having been undertaken with special reference to this purpose. The sending of one copy is better than the writing of one hundred letters. It contains a carefully prepared statement of Southern California's many advantages and few drawbacks, together with a complete exposition of our resources.

Following are the prices of the Annual:

| | |
|---|---|
| Single copies (in wrappers, postage prepaid) | .15 |
| 2 copies (in wrappers, postage prepaid) | .25 |
| 10 copies (in wrappers, postage prepaid) | $ 1.00 |
| 25 copies (in bulk) | 2.50 |
| 50 copies (in bulk) | 5.00 |
| 100 copies (in bulk) | 8.00 |
| 1000 copies (in bulk) | 80.00 |

The rate of postage on THE TIMES Annual is two cents for each copy. This can be saved by ordering through the office, which pays on the matter by the pound.

## FOR THE SETTLEMENT OF THE COUNTRY.

Landowners who have farming lands in this section for sale at reasonable prices and on easy terms are invited to forward their names and addresses to THE TIMES, when they will receive blanks to fill up with particulars, for publication in a classified list of such lands which we shall publish as soon as complete returns are received. The blanks are now ready. We desire to have them filled up promptly and returned to us, so that the descriptions may be published together in the issue of February 22d.

### Work for the Unemployed.

It is an apparent fact that there area great many idle men in town just now. Moreover there is reason to believe that the number will be further increased, before a reaction sets in. The building of business blocks is not likely to continue much longer at the rate which has prevailed during the past twelve months, nor to resume great activity, until there are less "to let" signs visible, in stores and offices. The gradual completion of street work on our principal throughfares and on lines of street railroads will throw a further number of mechanics and laborers out of work.

It is useless to close our eyes to these self-evident facts. We must recognize the true condition of affairs and grapple with it. During the temporary lull in business which intervenes between the old and new era—while we are considering ways and means to make this a thoroughly self-supporting city, these men must have something to subsist on if they are to stay with us. Mechanics and others, who have a little money saved up, can, in our opinion, do much better than to go east. Let them make an effort and get hold of a little land, by paying a small amount down, or even rent a place. The city is at present overcrowded. In the country there are not enough to produce what we consume. The moral is obvious. Let us take from the city and add to the country. Such persons as those we have indicated could, when business improves, return to the city and still retain their ranches, putting up a part of their earnings to pay for and maintain their country homes. In this way they would, before many years, have a productive place to retire to.

Of course, there are many of the unemployed who have not sufficient means to purchase on the easiest terms, or even to rent a farm. For the benefit of these men, and of Southern California at arge, we would again suggest that some of our owners of large tracts cultivate their land—or a portion of it—and, while putting money in their purses, at the same time furnish employment for a large number of men who are in need of it.

This thing of land-owners boasting of the wonderful productiveness of their soil—of saying, in many instances, that the entire cost can be made out of the first crop—is becoming rather stale as long as strangers can see hundreds of thousands of acres of this asserted wonderfully fertile soil covered with nothing but weeds. Let us divide the high claims made by ten, and say that, instead of paying for itself in a year, this land will pay 10 per cent. net on a fair valuation. This, certainly, is good interest, considering the absolute security of the investment.

Will our large land-owners consider this matter? It is to their interest, both directly and indirectly, to do so. Perhaps the Chamber of Commerce, if not too busily engaged with other important matters, might feel inclined to take up this question. It is certainly worthy of their energy, ability and enterprise.

### Streets and Highways.

The very effective letter of Col. Blanton Duncan in defense of Los Angeles and Southern California, published in yesterday's TIMES, covered a great deal of ground, and, among other subjects, touched upon our streets. His suggestions under this head ought to be of general importance, as he is a man possessing full knowledge of the construction of highways, and has studied the matter specially in many trips to Paris, Lyons, Marseilles, Rome, Naples and other European cities, where the streets and highways are in such perfection. Col. Duncan is an educated engineer, and was formerly connected with the United States Coast Survey, under Prof. Bache. He would undertake to teach novices how to build a *real* highway. In his library he has the special works of the engineers sent to Europe by the Government to report on all these matters; also, from Generals Hancock and Gilmore, and other great engineers, the latest works from Government sources.

The subject of streets and highways, their proper construction and care, is one of the first importance to a community and all practical and available information on the subject should be secured and used by our authorities whenever possible.

### The Mayoralty.

Ever since the passage of the new charter, and the discussion of possible and probable candidates for the Mayoralty, there has been more or less talk of Judge W. F. Fitzgerald in connection with the office, and yesterday the Herald alluded to that gentleman as "the Tribune's candidate." Of course there is nothing in this statement, for anyone who knows the Judge also knows that he would never be the candidate of any newspaper or faction, but would represent the whole party. So far, however, Judge Fitzgerald has never announced himself as a candidate, nor has he authorized anyone else to do so. He is in the hands of no man or set of men, and while he would undoubtedly fill the executive chair with credit to himself, his party and the city, it is hardly probable that he could be induced to make the race under any circumstances.

At the proper time Judge Fitzgerald will speak for himself, and in no uncertain tones.

## AMUSEMENTS.

AT THE OPERA-HOUSE.—*Our Fritz.* A fair audience greeted the appearance of J. K. Emmet as "Fritz" last night. Mr. Emmet is the same old Fritz that we remember years and years ago, and sings as sweetly and dances as gracefully as ever.

Aside from the magnificent prize dog, "Plimlimmion," who was perfectly up in his part, the support was beneath criticism, several of the company seeming to be totally ignorant of the alphabet of acting.

The play will be continued through the week.

LOS ANGELES THEATER.—*Dorothy.*—When one compares the moderate attendance last night with that of the other Carleton nights one is tempted to believe that *Dorothy*, is, as the sapient critics say, "above the heads of the general." It is the most exquisite of English pastorals, and there is a perfect overflow of beautiful orchestration, an embarrassment of riches. Here and there are ballads of a queen's taste, and a splendid hunting chorus. Could the opera be dressed after designs by Alfred Parsons, and sang in an outdoor theater, the acme of enjoyment might fitly be reached. Alfred Collier, the composer, was for long months the unnoticed and unhonored musical secretary of Sir Arthur Sullivan, and after many failures made a first success in *Dorothy*.

Miss Clara Lane still suffers, evidently from her hoarseness, which now shows quite plainly in her singing.

Miss Baxter, who is Miss Vincent's substitute, is to be congratulated on the ease with which she fills so large a place.

Mr. Carleton, Mr. Taylor and Mr. Murray, all have opportunity for their abilities, the serenade in the second act by Mr. Carleton receiving a warm encore, and that of Mr. Murray an encore twice over.

Tonight as a farewell *Erminie*. The Royce-Lansing follow for the rest of the week.

### Hotel del Coronado Arrivals.

CORONADO, Feb. 11.—[Special.] Arrivals at Hotel del Coronado today: John F. Metcalf, Los Angeles; O. Douglas, Boston; W. Watson, Jr., New York; William Nettleton and wife, Charles L. Haas and wife, W. P. Ryan and wife, St. Paul, Minn.; Mrs. Leigh Hunt and maid, Leigh Hunt, Seattle, Wash.; H. A. Noble, Des Moines; D. S. Burley and wife, New York; H. M. Bowdle and wife, Mitchell, Dak.; Rev. J. O'Connor, Rochester, N. Y.; D. B. Rinck, H. P. Christie, San Francisco.

### To Beat Annexation.

QUEBEC, Feb. 11.—Sir John Macdonald has a scheme to beat the annexationists. Knowing that if he waits for the regular election of 1892 the progress of the annexation sentiment will overwhelm him, he has decided to appeal to the country at once on this question. To furnish an excuse for this, one of his adherents will demand of the liberal Quebec Government to know what it proposes to do about Ben Butterworth's annexation resolution in the United States Congress.

### A Guilty Pair Shot.

SAN FRANCISCO, Feb. 11.—James Willey, a real-estate agent, shot his wife, Nellie Willey, through the right shoulder this morning, and then turning his revolver on Bert Clark, her paramour, wounded him twice in the left arm. While the prisoner admits having wounded Clark, and expresses great sorrow at not having killed him on the spot, he denies shooting his wife, and claims that the bullet which pierced her shoulder was fired at him by Clark.

### The English Grain Trade.

LONDON, Feb. 11.—The Mark Lane Express says: "English wheat continues depressed; buyers are apathetic; foreign wheat is more active and firmer, but quotations are unchanged. At today's market only the poorer English wheats were offered. The tendency was downward. American was a turn dearer for good California white. Flour was stronger, influenced by the rise of f.2 per sack in Paris. American advanced 6d. Corn was steady."

### Terrific Explosion.

NEW YORK, Feb. 11.—A terrific explosion occurred this morning between Williams Bridge and Bedford Park, on the New York, New Haven and Hartford Railroad, as the train from Stamford, Ct., passed there. It is believed the explosion was caused by a gang of Italian workmen thawing out dynamite cartridges. Every pane of glass in the train was shattered and 500 passengers were terribly shaken up.

### Shot the Doctor.

NORFOLK (Neb.), Feb. 11.—Dr. E. A. Kelly, superintendent of the Norfolk hospital for the insane, was shot and dangerously wounded this evening by Michael Soulier and Albert Born. Kelly was waylaid while out driving with his wife. Four bullets struck the Doctor. Soulier's sister was a domestic at the hospital and died from the effects of an operation performed, it is alleged, by Drs. Kelly, Hasson and Bear.

### Van Tassel's Balloon Found.

SANTA BARBARA, Feb. 11.—The steamer City of Puebla arrived today. She reports that she picked up a large balloon on Sunday evening about 15 miles out from San Francisco, supposed to be the one used by Van Tassel at the Cliff House. The balloon was not much injured.

### Ocean Race Arranged.

SAN DIEGO, Feb. 11.—The ocean race between the schooner yacht San Diego and the new pilot boat Lona was arranged today for February 24th. The race will be to Coronado islands and back, a distance of 35 miles, for a purse of $100.

### Fire at Vancouver.

ST. PAUL (Minn.), Feb. 11.—A special to the Pioneer Press from Vancouver, B. C., says: A disastrous fire occurred here at the corner of Cordova and Carroll streets. The loss is estimated at $25,000, with little insurance.

### Young Hearst Returns.

NEW YORK, Feb. 11.—William R. Hearst, proprietor of the San Francisco Examiner and son of the Democratic Senator from California, arrived on the Umbria today, after a three months's stay in Europe.

# GENTILES WIN.

## Mormons Lose the Election at Ogden.

### The Dakota Legislature Heading Off Gov. Church.

### New Mexico's Wants Again Brought to Harrison's Notice.

**Later Particulars of the Collapse of the Great Ohio and Western Company—Coal Fields That Have Proved a Fatal Bonanza to Many.**

*By Telegraph to The Times.*

OGDEN (Utah), Feb. 11.—[By the Associated Press.] The most important election that has ever occurred in Utah took place today. It was a fight by the Gentiles, or Liberal party, for a foothold in the Territory by the election of Mayor and Council. The new City Hall was crowded at all its entrances where the election proceeded at four different ballot-boxes. The city voted as a whole, and not by wards, and, to accommodate the large number of voters, four voting places were necessary. The Mormons, or "People's party," now have the officers of the city, and at daylight brass bands and drum corps were promenading the streets.

With the beginning of voting a system of intimidation commenced on the part of the Mormons by arresting Gentiles before they had a chance to vote, and hurrying them off to jail. This was anticipated by the opposite party, who had Marshal Dyer present and a squad of United States troops quartered in the Broom Hotel, across the street. The Marshal at once stopped the arrests until the voters had a chance to tender their vote and be passed upon by the judge.

After this the election passed off quietly. The result will not be determined before midnight.

LATER.—The result of today's election is a complete victory for the Gentile party. Fred Kiesel, candidate for Mayor, is elected by a majority of 440. The balance of the ticket, including the full City Council and Chief of Police, is elected by about the same majority. The Gentiles are jubilant over the result.

## ASSIGNED.

### The Great Ohio and Western Company's Collapse.

NEW YORK, Feb. 11.—[By the Associated Press.] The Ohio and Western Coal and Iron Company, by Chester Griswold and George S. Thornian, its vice-president and secretary, respectively, made an assignment today for the benefit of its creditors. The company had been doing business in Ohio and had offices in this city, in Columbus, O., and in Boston. There are no preferences. Bradstreet's reports of April 28, 1887, said the company was "not understood to be earning its interest account as yet, and was being nursed along by those holding its securities, which are largely owned by banks and trust companies. Its future depends upon the disposition of its managers."

According to the company's annual report on January 16th, the liabilities were $3,309,000, of which the bonded debt was $2,399,000, and other debts with collateral security $910,000. The assets consist of 7000 acres of coal land in the Hocking Valley, valued at $400 or $500 per acre, about 300 houses, three large stores, 400 railroad cars, four miles of track, three coal mines fully equipped, furnaces and a large amount of miscellaneous equipments.

A STRANGE FATALITY.

COLUMBUS (O.), Feb. 11.—Owing to a continued rush of creditors, the Ohio and Western Coal and Iron Company at noon made an assignment to Gen. James A. Hall.

The failure of Glidden & Curtiss of Boston, Mass., and subsequent attachment of the property of the Ohio and Western Coal Company has created considerable excitement and uneasiness in Hocking Valley, where the property of the company is located. The shutting down of the company will throw 600 to 700 men out of employment. A strange fatality has been connected with the property out of which the Ohio and Western Coal Company grew. James L. Burkey, who committed suicide in a St. Louis hotel, was harassed to the last by thoughts of the fortunes he had lost among the Hocking hills. George Lee, who killed himself in a New York hotel, was haunted in his dying hour by the specter of ruin in the coal fields of Ohio. Royal M. Pulsifer, proprietor of the Boston Herald, took his own life some months ago, and though he had many other business complications to pull him down, he, too, sought the fabled pot of gold that was said to be buried at the foot of the western rainbow.

The Standard Coal and Iron Company, out of which the Ohio and Western grew, was a colossal affair with a capital of $75,000,000. This is the company in which James G. Blaine and Steve Elkins were interested, holding $25,000 and $50,000 bonds respectively, and F. W. Harper, president of the late Fidelity Bank at Cincinnati, had $500,000. It is understood that these holders still have their bonds. It is impossible to state yet the exact condition of the company's affair.

## HARRISON'S VISITORS.

### The Claims of New Mexico Urged to the President-elect.

INDIANAPOLIS, Feb. 11.—[By the Associated Press.] Nothing new has developed today about the Cabinet. There is a perceptible decrease in the daily volume of Cabinet talk. Gen. Harrison's visitors today were from widely different sections, Massachusetts, Washington Territory and New Mexico being represented. Delegate-elect John Allen of Walla Walla, Wash., was accompanied in his call by John M. Butler of this city, and Judge Gould of Delhi.

Allen made no Cabinet suggestions to Gen. Harrison, but spoke urgently on behalf of his people for the admission of Washington Territory, along with Dakota and others, stating that the people were united and anxious for statehood.

James A. Spradling of Santa Fé, N. M., managing editor of the New Mexican, called to advocate his old friend, Gen. Powell Clayton, for a place in the Cabinet. Mr. Spradling is an earnest advocate of Statehood for New Mexico, and vigorously repels the charge that the people are not prepared and able to successfully assume independent government. He says the objection at this time comes from a few politicians and bankers in the Territory, who perceive that if the Territory is admitted, they will lose their grip on the control of affairs. The statement widely published that the official records of the Legislature and courts are kept in Spanish language only, he declares is a falsehood. He is public printer of the Territory. Spradling also says that there are three prominent names mentioned for the Governorship of New Mexico, Joseph W. Dwyer of Raton, formerly private secretary to Chief Justice Chase; A. L. Morrison of Santa Fé, United States Marshal under Arthur, who took a prominent part in the late campaign in New York, as organizer of Irish-American Republican leagues, and L. Bradford, ex-Chief Justice of the Territory under Hayes.

## FEMALE BICYCLISTS.

### An Eight-day Contest Begun at New York.

NEW YORK, Feb. 11.—The six days' international bicycle race for women, for the championship of the world, began this afternoon in Madison Square Garden. The following is the list of the competitors: Miss Hilda Snallor, Miss Jessie Woods, Miss Kitty Brown, Miss Jessie Oaks, the English champion; Miss Elsa von Blumer, American champion; Miss Lula Hart, Miss Maggie McShane, Miss Mattie Stanley, Miss Helen Baldwin, Miss Hattie Lewis, Miss Louise Fox, "Jersey Buttercup;" Miss Gertrude Frankel, Miss Louise Armaindo, champion of the world; Miss May Allen. The score for the first three hours today was: Oaks, 37; Armaindo, 39; Snallor, 35; Brown, 37; Hart, 29; Baldwin, 37; Fox, 36; Stanley, 39; Woods, 38; Von Blumer, 37; McShane, 25; Lewis, 36.

Miss Oaks, champion of England, will likely retire. She is suffering from pains in her side. Shortly before 12 o'clock Miss Armaindo grew weak while on the track, and fell into the arms of her trainer. She was deathly pale and requested that a physician be summoned for her at once, as she felt that she was going to die. A doctor was called immediately. The woman had not been well for some time, and had been unable to eat for the past few days.

At 1 o'clock the score stood: Stanley, 103 miles; Baldwin, 98; Woods, 91; Von Blumen, 93; Armaindo, 88; Hart, 62; McShane, 65; Snallor, 84; Brown, 59; Oaks, 60; Lewis, 76.

Miss Armaindo's physician states that she is very sick, but he hopes to have her well enough to resume tomorrow. Miss Stanley completed her one hundredth mile at 12:46, when she had been 7 hours 46 minutes and 10 seconds on the track.

## HEADING HIM OFF.

### Dakota Lawmakers Bound to Down Gov. Church.

BISMARCK (Dak.), Feb. 11.—[By the Associated Press.] The war between Gov. Church and the Legislature is still on. There were several measures proposed by the different members as a means of defeating the Governor by securing his immediate dismissal from his position, but the leaders of the House considered them to be not advisable just now. However, a resolution was adopted unanimously which will have the effect of cutting off one way the Governor had to return the fire of the Legislature. This resolution declares that no communication foreign to the business of the Legislature and Territory shall be read to the House, and the Speaker and Clerk are made sole judges of what reports shall be received. The avowed purpose of the resolution is to prevent the Governor from making another such attack as on Saturday, when he "went for" the Legislature and his own predecessor without gloves.

Feeling in the matter grows more bitter all the time, and there is once more some strong talk of an adjournment until a successor to Gov. Church shall be appointed. This action had about been given up until the recent engagement, and now the Republicans in the House and Council are willing to do almost anything to defeat Gov. Church.

## NEW MEXICO OBJECTS.

### Geronimo's Band Not Wanted in the Territory.

SANTA FE (N. M.), Feb. 11.—[By the Associated Press.] A. J. Fountain, Speaker of the House of Representatives, today introduced a memorial in that body which unanimously passed both houses. The memorial is addressed to the President of the United States and Congress, protesting against the proposed removal of Geronimo and his band of hostile Chiricahua Apaches from their present place of confinement in Florida and the locating of them on the Mescalero Apache reservation in Southern New Mexico. The memorial represents that the Mescalero Apaches are now peaceably disposed and friendly to the whites; that they are not and never have been friendly to Geronimo or his band, and the location of the Chiricahuas upon their reservation will be a means of causing another outbreak similar to the one of 1885, which resulted in the death of many innocent settlers and great expense to the Territory. For this and several other reasons it is asked that none of this band be located within the Territory.

### The Sugar Trust Again Defeated.

NEW YORK, Feb. 11.—Judge Barrett of the Supreme Court today handed down an opinion in which he denies the application of the North River Sugar Refining Company, the recently dissolved member of the sugar trust, for a stay of proceedings pending an appeal to the General Terms. In the opinion he says that an order staying proceedings upon a judgment would not restore the corporation to life, nor would it absolve its officers from obedience to the injunction.

### Postoffice Robbed.

NEW YORK, Feb. 11.—A Little Rock (Ark.) special says: A big postoffice robbery was committed at Amity on Saturday night. The office is kept in the store of W. C. Harris, who is also postmaster. The thieves entered a window, blew open the safe with powder and abstracted $7000, part of which is Government funds and part Harris's money.

The strike among seamen and firemen on ocean steamers now going on in England has begun to be felt at Boston. The steamer Virginian, Capt. Fox, of Leland line, loading for Liverpool, was visited by several men yesterday, who attempted to prevail upon the men to leave the vessel. The Captain says seven of his men have left on account of threats made by these men.

# SINGULAR ISSUE.

## Nevada Voting on the Lottery Question.

### Five Persons Perish in a Quicksand on the Rio Grande.

### Luis Huller Arrested at the City of Mexico.

**The Tax Collector at San Diego Charged with Being Short in His Accounts, but Insists That They Are All Right—Coast Notes.**

*By Telegraph to The Times.*

VIRGINIA (Nev.), Feb. 11.—[By the Associated Press.] The people of this State voted today on the constitutional amendment giving the Legislature power to establish lotteries in the State. Those favoring the lottery scheme claim that they have carried the day by a large majority. The result will not be known, however, until tomorrow.

Advices from Reno state that the county will give about 400 majority against the amendment.

From Carson comes word that Ormsby county will give 300 majority for it; while it is estimated that the vote in the county in which Virginia is situated will be about 800 in favor of the amendment.

## HONEY AND BEESWAX.

### Review of the Industry During the Past Year.

SAN FRANCISCO, Feb. 11.—[By the Associated Press.] The fourth annual review of the honey and beeswax business of California by Schacht, Lemcke & Steiner of this city is out. Of honey, the review says, a fair crop has been gathered and marketed this season. The quality has been up to the average and prices were satisfactory to apiarists and dealers. It is estimated that in 1888 there were between 50,000 and 60,000 stands or hives in the State, from which there was marketed 3,000,000 pounds of extracted honey and 500,000 pounds of comb honey, or a total of 3,500,000 pounds.

The yield in former years were: 1884, 9,000,000 pounds; 1885, 1,250,000; 1886, 5,000,000; 1887, 1,200,000.

Of the past year's yield 875,000 pounds went by sail to England and Germany, and nearly 1,000,000 pounds were shipped overland to New York.

The review concludes from its statistics that 4,000,000 pounds of California honey can be sold at remunerative and satisfactory rates to the producer yearly.

## A TERRIBLE DEATH.

### Five Persons Perish in a Quicksand.

SAN FRANCISCO, Feb. 11.—[By the Associated Press.] The Examiner's El Paso (Tex.) special says: At Ysleta, 10 miles from here, an accident occurred yesterday afternoon which cost five persons their lives. Dudley, Tinkey and Alice Jones, children of R. H. Jones, editor of the Ysleta Report, whose ages ranged from 8 to 15 years, and a lad whose name is not known, with a child aged about 10 years, together with two other children, were playing on a sand-cave on the banks of the Rio Grande, which they had converted into a playhouse. Quicksand fell in, submerging the three first named, but the others made their escape, ran screaming to the house and gave the alarm. Jones went immediately to the scene, and rushed in to save his children. The top of the cave fell, smothering him and one other. The bodies of the victims were recovered, and were buried today. Jones was formerly a United States official at Chihuahua.

## HULLER ARRESTED.

### More Trouble for the International Company.

CITY OF MEXICO, Feb. 11.—[By the Associated Press.] Luis Huller was arrested this morning. It is reported that the Government will now entirely reform the concession. Huller's friends claim that he is the victim of a conspiracy.

The conservative press attacks the Government as responsible for the Mexican International Improvement Company's first lottery. Yesterday the police kept crowds away who were wanting tickets at the last moment. The capital prize went to Mobile, Ala.

### A Shortage Denied.

SAN DIEGO, Feb. 11.—An apparent shortage of from $25,000 to $26,000 was discovered in the accounts of Tax Collector W. S. Varnum today. Varnum claims that the deficiency is due to a clerical error in making up the assessment roll in the Auditor's office, and that his cash collections tally with the delinquent list balance with the amount charged against him, which was $560,000.

## THE LEGISLATURE.

### Senate.

SACRAMENTO, Feb. 11.—[By the Associated Press.] In the Senate the sum of $157.87 was appropriated as the Senate's portion of the expenses of the Bartlett memorial services. There were also several small appropriations made, including $72.80 for a committee of three and clerk to go to Oakland to visit the Deaf and Dumb Asylum.

Mr. White of Los Angeles presented a petition from several towns protesting against the division of Los Angeles county.

Mr. Murphy of San Francisco introduced a concurrent resolution instructing our representatives in Congress to urge a report on the bill to repair the flagship Hartford. Passed unanimously.

Mr. Wilson of San Francisco presented a similar bill. Also passed.

The Senate bill to add a new section to the Penal Code, relating to barbed-wire fences on public highways, was read a third time, as was also the House bill providing for the purchase of a portrait of Gov. Waterman by the State Board of Examiners.

A debate arose over the Senate bill to appropriate money to pay the claim of E. M. Gallagher for painting and glazing at the Napa Asylum.

Mr. White vacated the chair to oppose the bill. He said it was not a fair one. It should not have been approved by the Claims Committee.

Mr. Meany of Merced, chairman of the Claims Committee, explained that the committee had no way of knowing the faults of the bill.

Finally a vote was taken and the bill was lost.

Mr. Wilson gave notice that he would move to reconsider tomorrow.

A number of appropriation bills were then read a third time and passed.

The Assembly bill appropriating $30,000 for additional contingent expenses of that body was taken up, and it was agreed to suspend the rules and read the bill a first, second and third time immediately, as it was a case of urgency. The bill was accordingly read and passed.

Adjourned.

### Assembly.

SACRAMENTO, Feb. 11.—In the Assembly Mr. Damron presented a petition from citizens of Los Angeles county, asking for the passage of the bill appropriating $250,000 for the London exhibit.

Mr. Holmes presented a petition from citizens of San Bernardino, protesting against the passage of the bill creating the county of Pomona; also a petition protesting against the passage of the bill to prevent boards of supervisors from controlling business licenses.

Mr. Sims of Nevada county presented several petitions from Southern California Christian Temperance Unions.

The bill appropriating $30,000 for the Assembly contingent fund was declared a matter of emergency and passed.

A bill authorizing school districts of cities, etc., to furnish the children of their respective public schools with the free use of text books was read a second time.

The Committee on Printing reported on the Bartlett memorial services, and the report was adopted.

# WASHINGTON.

## The Clayton Murder to Be Investigated.

### The Smalls-Elliott Contest Before the House.

### Americans in Need of Protection at Panama.

**The Senate Not Prepared to Accept Congressman Thomas as the Best Naval Designer of the Century—Other Matters at the National Capital.**

*By Telegraph to The Times.*

WASHINGTON, Feb. 11.—[By the Associated Press.] Representative Grosvenor today offered a lengthy preamble and resolution regarding the recent events in the Second Congressional District of Arkansas, which culminated in the assassination of Hon. John M. Clayton. The resolution provided that a committee of five members of the House, now members of the Committee on Elections and elected to the Fifty-first Congress, be appointed by the Speaker, to proceed without delay and take testimony touching the issues joined in the contest, to ascertain all the facts relating to the election and contest, and report to the next House of Representatives.

The resolution provides further that if in the opinion of the Committee on Elections of this House there is no authority of existing law to prosecute and carry on a contest under the circumstances described, then the committee is authorized to report by bill or otherwise such act or resolution as may be necessary to accomplish the object stated. The resolution was referred to the Committee on Elections.

### IN SECRET SESSION.

**The Senate's Precaution Against Trouble on the Isthmus.**

WASHINGTON, Feb. 11.—[By the Associated Press.] The Senate in secret session passed the following: "Be it enacted, etc., that there be and is hereby appropriated out of any money in the treasury, not otherwise appropriated, the sum of $250,000, to enable the President to protect the interests of the United States and provide for the security of persons and property of the citizens of the United States at the Isthmus of Panama in such a manner as he may deem expedient."

It is learned that the Committee on Foreign Relations received no news of any outbreak at Panama, but deeming it best to be prepared for any that might occur, decided to ask for the passage of the bill at once as an independent measure, rather than risk delays and uncertainties attending an amendment to an appropriation bill. The troubles that are feared are such as are incident to the discharge in a body of laborers whose means of gaining their livelihood are thereby cut off and who, in their desperation and distress, may resort to violence and bloodshed. It is understood that it has been deemed wise by the authorities of the United States, Great Britain and other nations having a large number of their citizens employed on the Panama Canal, to arrange for bringing them home in case of their wholesale discharge, and not to suffer them to remain on the Isthmus in destitution and want. To provide for this amount the appropriation was increased from $100,000 to $350,000. There was but slight opposition to the passage of the bill.

After a number of appointments favorably reported by committees had been confirmed, the question of removing the injunction of secrecy from the proceedings in connection with the consideration of the British extradition treaty was taken up. To this there was considerable opposition.

The motion finally prevailed, and tomorrow the record of proceedings covering the period of two or three years will be furnished the press.

### A VETERAN GONE.

**Death of Col. Hunt, Governor of the Soldiers' Home.**

WASHINGTON, Feb. 11.—[By the Associated Press.] Col. Henry J. Hunt (retired), Governor of the Soldiers' Home, died this morning in his 69th year.

Col. Hunt fought through the Mexican war and was twice promoted for gallantry. He was promoted to be Major on May 14, 1861, and commanded the artillery of the extreme left in the battle of Bull Run. After successive promotions he was appointed Chief of Artillery of the Army of the Potomac, and on July 6, 1864, was brevetted Major-General of Volunteers for "faithful and highly meritorious service." At Gettysburg it was Gen. Hunt who concentrated the artillery fire upon Pickett's famous division and almost annihilated it. He was retired as Colonel in 1883 and appointed Governor of the National Soldiers' Home in this city.

### WASHINGTON NOTES.

**Several Measures Offered by Senator Stanford.**

WASHINGTON, Feb. 11.—[By the Associated Press.] Senator Stanford today proposed an amendment to the Army Appropriation Bill authorizing the Secretary of War to purchase four 15-inch pneumatic guns, with the necessary apparatus for firing and carriage, to be located in San Francisco Harbor. The bill was accompanied by a letter from Secretary Endicott approving the same. He also offered an amendment to the Sundry Civil Bill authorizing an expenditure of $38,000 on the national cemetery on the reservation of the Presidio at San Francisco in improving roadways, etc. He also introduced a bill appropriating $35,000 to pay James L. Sheeley of Idaho and the estate of the late Francis de Long of California the amount found to be due them on an old mail contract by the Court of Claims; also a bill appropriating $5000 to establish a lighthouse at the entrance to San Pedro Harbor, Cal.

CONFIRMED.

The Senate confirmed a number of appointments this afternoon, among them Joseph C. Breckinridge to be Inspector General; Thomas J. Anderson of Iowa to be Associate Justice of the Supreme Court of Utah; Lieut.-Col. William A. Rucker, Assistant Paymaster-General, with the rank of Colonel; Maj. Charles M. Terrell, Deputy Paymaster General, with the rank of Lieutenant-Colonel; E. P. Johnson of Utah, Judge of Probate for Elder county; Joseph D. Jones of Utah, Judge of Probate for Uintah county.

GREETINGS TO JAPAN.

The Japanese Minister today received a telegram from the Minister of Foreign Affairs at Japan, saying that the constitution of the empire was proclaimed by the Emperor in person this morning amid great enthusiasm.

Mutsu communicated the telegram to Secretary Bayard, who assured him that the people of Japan had the best wishes of the Government and people of the United States.

MISCELLANEOUS MATTERS.

The Secretary of War today transmitted to the House the statement of the Chief Signal Officer of the Army setting forth the very unsatisfactory condition of the signal corps and inefficiency of the present lieutenants of the corps. Gen. Greely urges the passage of a reorganization bill for the improvement of the service generally.

The President has approved the act to enlarge the powers and duties of the Department of Agriculture.

The Ways and Means Committee will not report the Tariff Bill to the House before Thursday.

The President today sent the following nominations to the Senate: Norman J. Colman, Missouri, to be Secretary of Agriculture; A. E. Stevenson, Illinois, to be Associate Justice of the Supreme Court, District of Columbia.

The Navy Department is informed that Rear Admiral Chandler, commanding the Asiatic station, died at Hong Kong yesterday from apoplexy.

A voluminous substitute has been reported to the Senate for the bill passed by the House to prevent the use of mails for the purpose of swindling by what is known as "the green goods game."

Col. Lamont said tonight that the position he would occupy after the 4th of March was that of president of the Avenue C Street Railroad Company of New York city.

### FIFTIETH CONGRESS.

WASHINGTON (D. C.), Feb. 11.—[By the Associated Press.] *Senate.*—In the Senate Mr. Dawes presented a petition from 130 Indian students at Hampton, Va., against the continuance of the ration system to Indians, recommending their equivalent in farming implements and stock. Referred to the Committee on Appropriations.

Mr. Sherman said he had been instructed by the Committee on Foreign Relations to move an executive session. Agreed to.

The Senate proceeded to executive business.

The doors were soon reopened and legislative business was resumed.

Mr. Frye having been called away by a death in his family, the Union Pacific Funding Bill was laid aside and the Naval Appropriation Bill taken up.

The amendment reported by the Committee on Appropriations for the construction of two steel cruisers or gunboats of 800 to 1200 tons displacement, to cost in the aggregate (exclusive of armament) not more than $700,000, of one steel cruiser of about 2000 tons, at a cost of not more than $700,000, and one ram for harbor defense, was agreed to without discussion. This is in addition to the provisions of the bill as it came from the House under the heading, "increase of the navy."

Mr. Chandler moved to strike out of the paragraph for the construction of one armored steel cruising monitor the words, "of the type and to be constructed according to plans and specifications to be furnished to the Navy Department by Hon. John R. Thomas of Illinois, to be approved by the Secretary of the Navy." He characterized as an anomaly in legislation and almost as ludicrous a provision that a vessel of such size and cost ($1,500,000) should be constructed after a type and upon plans and specifications to be furnished by a member of Congress. The present Secretary of the Navy had disposed of $28,000,000 for increase of the navy, unfettered by any conditions, but this bill contained a provision that Mr. Thomas (a lawyer—not a designer of ships) should furnish the next Secretary of the Navy with one ship, and that the Pneumatic Gun Company should furnish him with another. He had been uniformly against that kind of legislation, where inventors and designers besieged the doors of committee rooms and resorted to all sorts of log rolling in order to get a special enactment favorable to them. The whole thing was a broad farce.

Mr. Cullom opposed the amendment, and read several letters from high naval officers indorsing and commending Thomas' plans and specifications.

Mr. Chandler said he had merely desired to call the attention of the Senate to the manifest impropriety of tying up the hands of the Secretary of the Navy as proposed. Not only was it vicious to put Thomas into the bill, but if his plans and specifications were not approved by the Secretary of the Navy, the construction of the ship must stop.

Mr. Cullom said that Thomas had been a member of the House a good many years and a member of the Naval Committee. In that position he had given close attention to the subject of ships of war. It had turned out that Thomas's information, study and investigation, had resulted in his gathering up a plan for a cruiser, and that the Navy Department (after appointing a board for that purpose) had adopted and approved his plan.

Without disposing of the amendment, the Senate adjourned.

*House.*—In the House, after some sparring as to precedence in the matter of consideration of several bills, Mr. Crisp of Georgia, as a question of the highest privilege, called up the Smalls-Elliott contested election case, and the House, by a vote of 135 to 85, decided to consider it. Twenty-four Democrats, including Thompson of California, voted with the Republicans in the affirmative.

Mr. Crisp then took the floor for the presentation of the case. He proceeded to review the evidence in the case, and entered upon an argument tending to disprove several material claims of the contestant. He then referred to the conviction of Smalls for the accepting of a bribe while State Senator, and contended that the conviction had injured him with the colored people.

Mr. Dalzell inquired what relevancy that had to the question of how many votes Smalls received at the late election.

Mr. Crisp replied that the gentleman on the Republican side assumed, because there was a colored majority in the district, that the majority would vote for the colored man. He proposed to show that among the colored people of the district there were some good men who rebelled against being dictated to, and refused to vote for a man who had been convicted of a high crime. In South Carolina a good many wrongful and violent acts had been committed by Republicans when they had the ascendency, and this had resulted in a division in the negro ranks and the formation of colored Democratic clubs. Colored Democrats had been ostracised, intimidated and overawed by colored Republicans, and Contestant Smalls had taken a leading part in this action.

Mr. Rowell of Illinois said the gentleman from Georgia spent much time in proving Smalls guilty of bribery while a member of the State Legislature, a proposition which had no more bearing on this case than the question of whether the moon was inhabited. It had been brought in, like the bulldozing question, for the purpose of justifying a vote to keep a man out of a seat to which he was elected. The laws of South Carolina were framed for the express purpose of disfranchising the Republican voters of that State. Under those laws there had been a systematic effort to deny to colored voters the right to register, and to change their registration certificates. The gentleman from Georgia spoke about intimidation of colored Democrats by Republicans of the same race. The Governor of South Carolina had recently announced the paramount question in South Carolina to be the maintenance of Anglo-Saxon control. The paramount question was not that the majority should rule, but to maintain the Anglo-Saxon control. Elliott held his seat on this floor not by reason of an election by the people, but by reason of an election held by a returning board of South Carolina.

Mr. Rowell ridiculed the charge of intimidation upon which a majority of the committee relied to throw out certain returns, and cited several pertinent instances to prove the existence of what he termed the lawless spirit which prevailed in certain districts.

Pending further debate, the matter went over until Monday.

Adjourned.

**Pomona Must Have Division.**

POMONA, Feb. 11.—A third petition to the Legislature, praying for the passage of the bill for the subdivision of Los Angeles and San Bernardino counties, has been forwarded to Sacramento today, signed by 309 well-known taxpayers in this city.

### KIRSTE IN COURT.

**His Bail is Fixed at $1200—A Tough Case.**

Rudolph Kirste, the defaulting Santa Fé clerk, was brought before Justice Savage, yesterday, for examination. The original information was found defective, and was withdrawn, whereupon a new complaint was filed, and served on Kirste in the court-room, when the examination was proceeded with. Mr. McGregor, attorney for the defendant, asked the Court to be lenient in the matter of fixing bail. The Court stated that this could not be reduced below the amount embezzled, and consequently it would have to stand as at first. Ticket Agent Parsons and Auditor Whitehead testified that Kirste's defalcation amounted to about $1200, and produced a trial balance sheet in proof of the same. No other witnesses were introduced. The defense put forward no witnesses, and Kirste was held to appear before the Superior Court on a charge of embezzlement.

**The Weather.**

SIGNAL OFFICE, LOS ANGELES, Feb. 11.—At 5:07 a.m. the thermometer registered 32; at 5:07 p. m., 72. Barometer for corresponding period, 30.08, 30.06. Maximum temperature, 78; minimum temperature, 33. Weather clear.

## BIRD AND WORM.

### TWO VORACIOUS ENEMIES OF THE ORANGE SCALE.

**Interview with Thomas B. Merry, United States Commissioner to the Melbourne Exposition—Interesting Results of His Investigations—Worms in Transit.**

Thomas B. Merry of Portland, one of the five commissioners to the Melbourne Exposition appointed by President Cleveland, arrived in the city yesterday from San Francisco. He returned from Australia a few weeks since, and the chief commissioner, Frank McCoppen of San Luis Obispo county, is now on his way back, being expected in San Francisco about the 21st inst. Learning that Mr. Merry was loaded on the subject of bugology, in connection with investigations of Australian enemies of the scale bug, a TIMES reporter called at the Hollenbeck to see him. He gave a very interesting account of his visit to Australia, and the magnificence of the Melbourne Exposition, saying that he had reserved a description of the work of the best means of fighting the scalebug until reaching Southern California. About the time the commissioners started for Australia their attention had been called to the matter, and they employed Alfred Koehble, a gentleman who had devoted much attention to the subject, to make a thorough investigation of the enemies of the scale in Australia, and report to them, the report to be included in their report as commissioners. Mr. Koehble went to Australia, and for five months past has been traveling through Australia, having gone as far north as Darling Downs, Queensland, and at least 100 miles south of Adelaide. While he had not yet made an official report, still the result of his search was pretty well known to the commissioners. Mr. Merry then went on to give an account of the important discoveries of effectual enemies of the pest that has made such ravages in orange orchards in various sections of the State.

The first is a worm about one-quarter of an inch long, perfectly white, and with piercing black eyes. The worm is very difficult to detect, as he buries himself under the scale, and preempts his claim, so to speak—in reality a case of forcible entry, the worm evicting the scale from the premises. Mr. Merry, himself saw the busy little fellow at work, and says that his eyes are brilliant and protrude from the head—regular "pop-eyes," in fact. In the orchards where the worm has been at work, the trees are in fine condition, and in fact, owing to the work of the little scavenger, there are very few traces of the scale in Australia.

The other enemy of the scale which he saw is a little bird about as large as a robin. It is nearly black about the head, of a dark blown color on the back and wings, light brown on the breast, and has a yellow beak, and yellow wattles on the side of the head, like those on a turkey. It is a somewhat insignificant and homely-looking little bird, but the way he goes for the scale is a caution. The popular name given it is "miner," and by that name it is known in Australia and the Sandwich Islands, where it has been transplanted. These birds are to be seen in orange groves in Australia and the Sandwich Islands, and are about as good destroyers of the scale pest as the worm described above. Between them both, the power for injury of the scale is largely destroyed.

Mr. Merry said that he had seen both these scavengers at work in orchards in and around Melbourne, and he thought the people of this section of the State would do well to import them. He knew that Mr. Koehble had secured a number of the worms, and was bringing them with him for experiments, but could not say as to the birds. He believed they could be secured easily enough in the Sandwich Islands.

**A Peddler's Troubles.**

A fruit peddler named John Russell got very indignant Sunday when Officer Fowler called his attention to the fact that he had no number on his wagon, and began to chaff the officer. He was finally taken in, but was released on his promise to get the required piece of tin. He failed to do it, and yesterday Comacy brought him in on the same charge. He saw Fowler at the station, when he began to abuse him again. The good-natured officer stood it until it began to be monotonous, when he entered a charge of abusive and obscene language against the irate peddler, and he was locked up. As soon as he was placed inside he began to cry, and, after being kept in sufficiently long to give him a taste of jail life, he was released, on the promise not to offend any more.

### LETTERS TO THE TIMES.

**Help the Settlers.**

LOS ANGELES, Feb. 5.—[To the Editor of THE TIMES.] As you seem kind enough to publish good suggestions in your columns, I would like to have the privilege of a small space merely to say that there have been a number of organizations, such as your Board of Trade and Chamber of Commerce and many others, and I also see many plans suggested, to advertise and bring people to this country; but I believe I have never seen or heard of any organized specially to assist in trying to take care of and locate people who come here with limited means, and to assist those who are honorable and willing to work and who are not acquainted and cannot find anything to do. I believe in trying to keep those that are here and who come to stay, rather than let them go back and report that they cannot find anything to do and no way to make a living and therefore have to return. Now the fact is there has been very little raised in this part of the country for the last several years except the price of real estate, and that has been raising very fast until recently.

Now, if this country will produce as we know it can we should stop sending our thousands of dollars east and in other directions for large amounts of what we live upon, such as butter, eggs, poultry, potatoes, apples and even our meats when we have so many thousands of acres of land. I have not an acre of land in one body in the State, and have not more than half a dozen town lots in the State, but I would like to see some kind of an organization that will lend a hand and a dollar toward assisting those who are here and who come here to live and who are not able to buy lands.

If the land can be rented here the way Mr. Baldwin's agent states it can, and others can be made to produce what they claim, we should not only propose to furnish them feed for their teams and so forth while they are raising their first crop, but should assist in getting the tools and such things as are really necessary to those who we think are honest and honorable, and assist them in some way, so they can start and make a living.

I would like very much to see something in this direction done, and would gladly lend a helping hand. I think it would be much better than to spend hundreds and thousands of dollars to induce people to come here, and then not use the proper means after they are here to assist them in remaining.

NATURE'S WISE PROVISION

In so Bountifully Supplying the Already Famous

Coronado Waukesha!

Springs with an endless volume of Pure, Wholesome Water, is a most fortunate discovery. It stamps

CORONADO AS A SANITARIUM

That has now no equal in the world.

It could already without fear of contradiction boast of its charming and unequaled climate, its evenness of temperature, and its many other advantages as a seaside resort. It had, in fact, more aggregate merits and attractions than all the balance of Southern California put together. To these it now adds one more, and that the greatest as it is the most effective of all.

The Old Aborigines Knew It

Before the whites came to the coast, and the healing waters were praised by them in song for their purity and curative powers. Indian maidens and braves made long and tedious journeys every autumn to drink from these springs and to lave them in the "medicine waters." The secret of the many virtues they possessed was confided to but a few, when the Coronado Water Company learned of it and bought the right to the springs. After spending large sums and developing them they have been rewarded by securing an inexhaustible living stream of the purest and

Finest Water on the Continent.

This excellent water has been in use for several months and its quality and purity fully proved by the residents of Coronado, where already is me wonderful cures of disordered liver, indigestion and kidney troubles have been made.

Families and others in San Diego will now have an opportunity of testing its value, as it is delivered from wagons FRESH EVERY DAY, at the nominal rate of 5 cents per gallon.

The Analysis

And report of the eminent Chicago chemist, C. Gilbert Wheeler, shows a remarkable similarity in the ingredients of the Coronado and Wisconsin Waukesha waters; he says that in fact their medicinal properties are almost identical. There is one thing, however, in favor of the Coronado Waukesha Springs: They contain but one-half of the organic matter found in the Wisconsin Waukesha. Thus, while they are possessed of the same virtues in KIDNEY AND BLADDER TROUBLES, the Coronado is absolutely the purer water. Guests of the hotel, especially among aged persons, have had great relief, and some rapid cures have been made from using the Coronado Waukesha.

## SURE-THING MEN.

### The Robbery of Davis and What Is to Come of It.

The bunco men were greatly worked up yesterday over THE TIMES exposé of their little game on Main street Friday afternoon, and were anxiously inquiring about as to what the prospects were for further trouble over the matter. It was a very neat trick, and they were just about making up their minds that the newspapers would not hear of the affair when the whole thing came out. A TIMES reporter yesterday spent some time in looking up the case, and quite a number of additional points were discovered. The "sucker's" name is Davis, quite a respectable old gentleman living on Temple street, who, while he is considerably broken up over his loss, is not disposed to push the case, as he does not want his name to get into the papers. Now that this has been done, it is more than probable that he can be induced to prosecute the men who robbed him, and they may get a taste of prison fare before the thing is settled. Davis's story, as told by himself, is substantially the same as already published, with the exception of the amount, which was put at $1050, whereas it should have been $1020—ten $100 bills and two $10's. After taking the old gentleman in and fleecing him the sharpers took him out buggy riding, hiring the rig at Ferguson's stable, on Main street near the plaza. He was robbed between 2 and 3 o'clock, and was then driven about the city till near 5, when he was given back $75 and told that the best thing he could do was to go home. Davis, instead of doing this, hunted up Officer Fitch, to whom he told his story and said that he thought he could identify the men. He told where the buggy had been hired, and said that the livery stable people seemed to know the men, but when he went to the place they disclaimed all knowledge of the matter. Fitch then brought Davis to the police station, where he told his story, with the result heretofore given.

Officer Fitch was considerably annoyed over the mention of the fact that Chief Cooney had thought he was to blame in the matter and had removed him from the beat in consequence. Yesterday morning he had an interview with the Chief and made an explanation of the part which he took in the affair, which was satisfactoro to the Chief, and he was reinstated. Last evening the officer met a TIMES reporter and also made a statement. He said that just as soon as he was told about the swindle he had notified the central station by telephone and had then sent the victim to the livery stable to see if he could find out the names of the men, while he had remained and guarded the house. In the meantime Sergt. Davis had come along, and while the Sergeant remained at the house to keep watch he had taken Davis to the station, where he turned him over to the Chief. He would also state that he had gone up to the house and tried to get in the door of the room, but found it locked and no one on the inside. Fitch's statement is corroborated by Sergt. Davis, Capt. Harris, Clerk Clarke and others. Thus it will be seen that after Fitch was notified he took all the steps in his power to capture the men, and if there is any blame attaching to him it is because he did not exercise due diligence in keeping his beat clear of notorious characters, and breaking up a gang which he must have known made their headquarters in the building.

But the end has not yet been reached. Davis, the "sucker," has been located, and will be kept under surveillance by the police to see that he is not railroaded out of town, after the usual manner in such cases, and every sure-thing man and bunco sharp in the city will be brought up to the Chief's office, and Davis will be given opportunity to identify them. This part of the work will probably be commenced this morning, and if no other result comes from it, it will give the Chief an opportunity to make the acquaintance of these men. Besides this, their pictures are to be taken, which will be kept at the station, so that when a victim comes in and makes a kick, the guilty man can be at once identified, and as the places where they hang out are well known at present, there will be no trouble in securing them. The Chief says that there is very little crime in the city, aside from this particular species of swindling and the open gambling, and that he proposes to see if it cannot be checked.

It was reported at police headquarters yesterday afternoon that a sure-thing man named Rice had been "spotted" towing a "sucker" up into the Crystal Palace lodging-house, on Main street between First and Second, and Chief Cooney at once detailed one of the detective force to shadow the place. The officer remained on duty a couple of hours, but nothing developed, when he was relieved and another man placed on guard. This system will be kept up whenever a suspicious case is reported, as the Chief is determined to get a conviction if such a thing is possible.

There were no new developments in the Porter case yesterday, but all the parties are being closely watched, and something authentic as to what became of the money will probably be known in a few days.

## TIE AND TRACK.

### Alas, the Poor Excursion Agents!—Notes.

The excursion agents are in a peck of trouble on account of the "coarse and brutal" manner in which the Santa Fé Company fired them. The agents were of the opinion that they could continue their business with the Southern Pacific and Union Pacific, but those two roads have gone back on them, and from now on the excursion business will be conducted by the Pullman Company, and excursion trains will be run daily instead of every few weeks.

Dude Warner, big hat and all, was tearing about the city at a great rate yesterday. He and his brother agents have not yet made up their minds what steps to take since they have learned that all of the roads have gone back on them. While it is true that these agents have done good work in bringing people out here, still they have bullied the traveling public in a most outrageous manner, and this is one of the principal reasons why the Pullman Company wishes to take the business away from them.

Up to yesterday the agents believed that the Southern Pacific and Union Pacific would stand by them, but when the news came that all of the railroad companies, not only on this coast, but in the East, had entered into the scheme with the Pullman Company, the agents felt like the little boy who wanted to "see his nurse real quick."

One of the most influential railroad men in the city, who does not fancy seeing his name connected with interviews, said to a TIMES reporter yesterday:

"This change has been contemplated for some time, and I am of the opinion that it will prove of great benefit to the traveling public, for the reason that excursion parties can come and go at will now. Excursion trains will run daily, and the accommodations will be much better now than they were under the old agent system. The agents were getting a little too high, and had the railroad people not pulled them down they might have taken it into their heads that they owned the whole country. Yes, all of the roads have entered into the combination, and in the future excursions will be run monthly, The Pullman Company will make several important changes for the benefit of the public. I am confident that the people will be received much better in the future than in the past."

NOTES AND NEWS.

In a few days the Pullman Company will put on special tourists' coaches from San Diego. They will be run daily from that city through Los Angeles and the East. Regular Los Angeles cars will also be sent east, thus giving the citizens of Los Angeles two trains daily for the East.

The Riverside Citrus Fair opens tomorrow and on Thursday, Friday and Saturday the Santa Fé people will run special excursion trains to that place for the benefit of people who wish to visit the fair.

Yesterday morning W. D. Sanborn and J. B. Quigley of the Chicago, Burlington and Quincy returned from San Diego, where they spent Saturday and Sunday. Mr. Sanborn will return to San Francisco today or tomorrow.

J. B. Elwood, superintendent of the Pullman Company, returned from San Diego yesterday.

H. B. Wilkins was in San Diego yesterday and will return home today.

George L. Baker of the Santa Fé system left for San Diego yesterday, and will take charge of the ticket department in that city. His place in this city will be filled by L. J. Kyes, who has been in charge of the department in the Phillips block for some weeks.

F. J. Reid has been appointed chief rate and division clerk of the Santa Fé, with headquarters in the Phillips block. Mr. Reid is from San Diego.

Next Sunday the Santa Fé will send out another one of those "swing around the circle" excursions. The train will take in the Santa Ana Valley, Riverside and other points of interest.

## SUPERVISORS.

### Redondo Beach to Issue School Bonds.

The supervisors met yesterday. A full board present.

The resignation of W. F. D. Jones as constable of Los Angeles township, and a petition for the appointment of Anton Harnischfiger in his stead, were received and filed.

The board, by resolution, authorized the issue of bonds to the amount of $4700 by the Ivanhoe school district for the purpose of building a schoolhouse, and the Clerk was directed to advertise for bidders to purchase the bonds.

The board authorized the issuance of bonds to the amount of $5000 by Redondo Beach school district for the purpose of building a schoolhouse, and the Clerk was directed to advertise for bids for their purchase.

The petition of J. W. Scott for a street railway franchise, in Santa Monica, to enable him to extend his railroad from Nevada avenue, over which he already has a franchise, from the northeasterly line of the corporate limits of Santa Monica to the line of the Rancho San José de Buenos Ayres, was presented and granted; the board reducing the time of the franchise from 50 years to 30, and providing that the work shall be begun within six months and the road completed within one year from the date of the taking effect of the franchise.

Justice O. W. Langdon of San Gabriel township was granted leave of absence for 60 days.

A warrant for $428.50 was ordered drawn in favor of Tax Collector R. S. Platt, to be applied in the payment of moneys erroneously collected by the Tax Collector.

On motion of Supervisor Martin, Mr. Gaffey was appointed a committee of one to go to Sacramento and secure, if possible, such modification of the law, as will permit the payment of taxes to a deputy at different places in the county.

On motion $6.85 was ordered allowed each of the retiring Judges of the Superior Courts for extra time, to make the amount the same as that allowed by the State.

The sewage matter came before the Board, in the shape of a petition protesting against the condition of the service of the South Side Irrigation Company, and Supervisor Davis was appointed a committee to consult with the City Council, as to the best means of dealing with the question.

The city of Pomona was allowed the sum of 25 cents for every 12 hours or fraction thereof for each county prisoner confined in its jail.

The bill of Messrs. Ayers & Lynch, proprietors of the Herald, for publishing the delinquent tax list, having been referred to Oscar Macy as an expert, was reported correct by him, the amount being $7232.50, and it was allowed and ordered paid.

It was ordered that when school bonds are sold the Clerk be instructed to make a temporary transfer of the amount of the first bond, and at the time of the levy in October a sufficient amount be levied for the purpose of making the sinking fund, and retransferring the amount so transferred.

The board adjourned until 8 o'clock this morning, when it will inspect the El Monte bridge just completed.

### How Men Die.

If we know all the methods of approach adopted by an enemy we are the better enabled to ward off the danger and postpone the moment when surrender becomes inevitable. In many instances the innerent strength of the body suffices to enable it to oppose the tendency toward death. Many, however, have lost these forces to such an extent that there is little or no help. In other cases a little aid to the weakened lungs will make all the difference between sudden death and many years of useful life. Upon the first symptoms of a cough, cold or any trouble of the throat or lungs, give that old and well-known remedy—Boschee's German Syrup a careful trial. It will prove what thousands say of it to be, the "benefactor of any home."

NEW YORK, Feb. 11.—Money on call easy at 1@2¼ per cent.

Prime mercantile paper, 4@6.

Sterling exchange, dull and steady at 4.86 for 60-day bills, 4.88¼ for demand.

Government bonds, dull but firm.

NEW YORK, Feb. 11.—The stock market was remarkably strong today, although the advances scored were in specialties principally and three leading groups of shares, Trunk lines, grangers and coal stocks were all quiet and fluctuated within the narrowest limits. At the opening the feeling was very bullish, but first prices were quite irregular as compared with the final figures of Saturday. Specialties took the lead in the upward movement, but Oregon Short Line came to the front, soon followed by Union Pacific. Burlington was strongly attacked after noon, and trading in the rest was somewhat restricted. The market closed strong generally at the close at the best figures.

OCEAN PALACES.

The steamships Queen of the Pacific, Santa Rosa and City of Puebla excel in their appointments and speed anything afloat in this country; and for comfort and convenience, are ahead of the transatlantic lines.

Eastern tourists should treat themselves to a run up the coast. The voyage is usually smooth and delightful. A trip to San Luis Obispo and a ride over the Pacific Coast Railway, through the beautiful Avila Cañon, the Arroyo Grande and Santa Maria valleys, to Los Olivos (the home of the olive), is most enjoyable.

The Avila and Pismo beaches are very fine, and the celebrated Avila Hot Sulphur Springs are close at hand.

The new and beautiful Hotel Ramona is one of the finest in the country, and the rates are very reasonable

For further particulars inquire at steamship office, No. 8 Commercial street, Los Angeles.

Mrs. Dr. Minnie Wells,

Six years located at 341 Spring street, removed to 400 Fort st., cor. Fifth. Uterine and rectal diseases a specialty; radical change felt from first treatment.

Attention!

CHEAP LAND! -:- GOOD LAND!

Dr. E. T. Barber of Lancaster, Antelope Valley, Los Angeles county, Cal., offers 30,000 acres of land for sale, in tracts of 20 acres and upwards, at $5 to $50 per acre, with liberal terms and title guaranteed.

This valley has raised the premium wheat of the world; sugar beets at the rate of 218 tons to the acre; barley hay, three tons; eight crops of alfalfa in one year; parsnips seven inches in diameter, and is competent to compete with Spain for raisins and France for champagne.

All this land offered can be covered with mountain water, and has good surface and artesian water, and much of it has a subsoil irrigation.

The railroad facilities are good; the Southern Pacific railroad now crosses it, and three other great railroads are expected to do so in the near future.

Climate good, no cyclones, blizzards, fogs or malaria.

Antelope Valley is the hope of the poor, a boon to men of moderate means, and a bonanza to keen-sighted business men.

Send for map and description.

# ANNUAL TRADE NUMBER,

—CONTAINING—

A COMPLETE REVIEW OF THE YEAR.

Fifty-six Large Pages. Equivalent to a Two Hundred Page Book.

The Annual Trade Number of THE TIMES, now ready, is the most complete and interesting publication of that character ever published in Los Angeles.

NOTABLE FEATURES—It contains a business review of the year, embracing a great mass of valuable facts bearing on the city and county; a thorough exposition of our natural resources—mineral, vegetable, commercial and climatic; a review of the rise and progress of the boom, with solid proofs that the country is now in better condition than it was during the height of the real-estate excitement; a carefully compiled exposition of the varied inducements which Southern California offers to the health-seeker, the homeseeker and the tourist, besides a number of interesting and valuable special articles on pertinent subjects. It contains more solid information about the country than could be crowded into the compass of a hundred long letters, and for a few cents and the expenditure of a few minutes' time in writing the address you can send a friend more information than you could write in a month, even if you had all the facts at hand. For a dollar you can supply ten families in the frozen East with information that may lead them to join the army of pilgrims to Southern California, to their own and this country's advantage. Thus, whether viewed from the standpoint of friendship or self-interest, it will be seen that no better use can be made of a dollar than by purchasing the new 112th ton copies of the great Annual Trade Number of THE TIMES. Not one-tenth of the pleasure can be bestowed in any other way for the same amount of money.

## THE CITY IN BRIEF.

Precinct A, Second Ward, will caucus next Friday evening.

Prof. Whitehorn's school of elocution and oratory has been removed to No. 630 South Fort street.

An information was filed in Judge Cheney's court yesterday charging Tim Crane with burglary committed on the 20th of January.

There are undelivered telegrams at the Western Union Telegraph office for Mrs. Amy Crocker, T. G. Bowman, H. M. Pearce, Byron Ford, A. E. McDonald.

Effie, the eldest daughter of George P. McLain, died yesterday morning. This is the second time that death has visited Mr. McLain's family within the past three weeks.

The Seventh Inspection District of the Department of California, G.A.R., has selected San Pedro as the place of the annual encampment from the 8th to the 18th of August next.

In Judge Wade's court yesterday, in the case of Marshall vs. Field et al., for the setting aside of a tax deed on account of errors, judgment was rendered by default for the plaintiff.

Trotman, the lunatic confined in the County Jail for some days past, was sent to the asylum at Stockton, yesterday, in charge of a special deputy. He acted the lord up to the hour of his departure.

There will be a mass meeting on social purity, for women only, at the Presbyterian Church, Boyle Heights, tomorrow at 7 p.m. Mrs. Rydges, Miss Burnett and Miss Dunham will address the meeting.

There will be a social back of St. Paul's Church this evening at 8 o'clock. An attractive musical and literary programme has been arranged, several well-known amateurs having volunteered their services.

W. D. Campbell's store, at No. 227 South Spring street, was burglarized Saturday night, and a tray of small articles and some fine silk handkerchiefs were taken, valued at $150. Nothing else in the store was touched.

Alfonzo Alvarez, who recently served a long sentence in San Quentin, for burglary, is again under arrest, and held at the County Jail, awaiting a requisition from Alameda county, where he will be tried for the same offense.

Pleas of not guilty were entered in the following cases in Judge Cheney's court yesterday: D. C. Carrington, murder; J. Cantor, embezzlement; Ah Ling, burglary; Hugh L. Hill, robbery; Charles F. Campbell, dealing stud-horse poker.

Marriage licenses were issued yesterday by the County Clerk as follows: Thomas Hyans, aged 25, and Mary Wall, aged 22; F. B. Chovington, aged 38, and Mrs. S. S. Durbin, aged 38; Fine B. Boyett, aged 23, and Miss Aurelia B. Arkells, aged 17.

Gertie Snyder, formerly a domestic in the family of Jesse Yarnell, was tried in Justice Savage's court yesterday on the charge of stealing $40 of Mrs. Yarnell's money from a baking-powder can, where it was kept for safety. The evidence was not very direct and Gertie was acquitted.

I. M. Hill of Pasadena died at his residence on Orange Grove avenue Sunday last. His death is lamented by many friends, whom he had won by a long and honorable life. He was 68 years old at the time of his death. The funeral will take place this afternoon at 2 o'clock from the residence.

Southern California Lodge 191, A. O. U. W., has invited the favorite fraternal orator and vocalist, William H. Barnes, P. G. M., of San Francisco, to deliver an address at the hall, 29½ South Spring street, this evening. The public are invited. Mr. Barnes is noted as a vocalist, elocutionist and speaker.

Miss Vincent of Carleton's Opera Company, who fractured her left arm last Sunday, spent a miserable day yesterday, and was not able to appear at the Los Angeles Theater last night, although she would have made the attempt had Mr. Carleton permitted it. She will be confined to her bed several days.

The monthly business meeting of the Young Men's Christian Association will be held this evening, in the lecture-room of the First Presbyterian Church, at 8 o'clock. There will be an election of the board of management for the ensuing year, the transfer of members from the old association to the new, with other business of an important nature.

The blowing of police whistles by street-car drivers is a great nuisance and should be prevented by ordinance, as it confuses the police, who do not know whether it is a call for assistance or not. It is said that when the whistles were blowing in Chinatown on the night of the murder, several officers heard them but did not respond, as they thought it was only street-car drivers blowing to clear the track, and that in consequence the murderer made his escape.

When Mrs. Anna J. Beecher of Figueroa street and her servant, Maggie McClure, fell out, and Maggie got the grand bounce, the mistress claimed that she had overpaid the girl $2.35, and demanded the money back. Maggie declined to pay it, and Mrs. Beecher held her trunk pending liquidation. Maggie took the matter into Justice Austin's court, suing for possession of the trunk and $25 damages. She secured a judgment yesterday, and carried the trunk off in triumph.

Officer Mullaly was severely reprimanded by Justice Austin yesterday. It appears that a friend of Mullaly's met him on the street and asked him for money to get a bed and breakfast; that he had got a job in the Capital Mills and would go to work in the morning, whereupon Mullaly placed him under arrest and had him arraigned on a charge of begging on the streets. The Judge promptly discharged the man, whose name was Ruddy, and at the same time told Mullaly that he should be ashamed of himself for making an arrest under such circumstances. This bad break on Mullaly's part caused considerable surprise, as he has made an efficient officer and did good work in cleaning up the vagrants, bums and petty larceny thieves on his beat.
